

**Problem of the Week # 3**  
**Jumping Frogs**

Two frogs are hopping along a path of lily pads, going in the same direction. They both start at the same place. There are 36 lily pads. The first frog jumps 3 lily pads at a time. The second frog jumps 2 lily pads at a time.

On which lily pads will BOTH frogs land?

*Name as many as you can.*

**Show your work using pictures, words, or numbers.**
