

## Problem of the Week #10: 100 Poster

**Make a 100 poster to show different ways to represent 100.  
What is 100 to you?**

For example, you could use dots, pictures, Roman numerals,  
measurements, number equations, objects, etc.

10 posters will be displayed on the Problem of the Week board. Be sure  
to include your name on your poster and how you know it's 100.  
Note: you must use regular 8½ x 11 paper.

Name: \_\_\_\_\_ Class: \_\_\_\_\_  
First and last name, please. Due 2/6/24 (Tuesday)
