The Brookline Queer Student Union (QSU) is an LGBTQ+ affinity space that is open throughout most of the school day as a work, social, and reading space for students. Students are able to find affinity with each other or the largely queer faculty that helps to keep the room open. The QSU is also an open space used by the Queer Action Club, GSA, and other school organizations for events. Starting in the 2023-2024 school year the space will also host speaker series, student workshops, and more as part of a recent Brookline Innovation Fund grant. The money raised will also fund the "OUTstanding Speaker Series".

Thank you!
Kelli

The African American and Latino Scholars Program (AALSP) is a unique seminar for underrepresented minority students at Brookline High School. The program aims to promote the success of academically talented African American and Hispanic/Latino students all the while aiding in the positive growth of the student as an academic, minority, and person. The program has proved extremely successful, helping large amounts of underrepresented students reach their goals of academic achievement, and providing preparation for college and beyond.
