

Presented by Mindy Paulo, Program Director

December 14, 2017

To be in accordance with the terminology now used by the Massachusetts Department of Elementary and Secondary Education in recent publications (Guidance on Identification, Assessment, Placement, and Reclassification of English Learners, October 2017) and legislation (Bill H.4032 An Act Relative to Language Opportunity for Our Kids, November 2017), as well as the federal government (Every Student Succeeds Act, December 2015), I propose the following name changes:

FROM	TO
English Language Learners Program	Office of English Learner Education
English Language Learners Limited English Proficient Students	English Learners

The chart below outlines the main services Brookline’s Office of English Learner Education would provide and support.
