## THE PUBLIC SCHOOLS OF BROOKLINE

**BROOKLINE, MASSACHUSETTS 02445** 

MARY ELLEN DUNN DEPUTY SUPERINTENDENT FOR ADMINISTRATION AND FINANCE

# Memorandum

**TO:** Mary Ellen Dunn, Deputy Superintendent for Administration and Finance

**FROM:** Michael D'Onofrio, Director of Administration and Finance

**RE:** FY18 First Quarter Financial Report

**DATE:** November 3, 2017

The FY18 First Quarter Draft Financial Expenditure Report shows a projected deficit on the Operating Budget of (\$270,298).

The first quarter salary projection shows a slight surplus, including actuals through September 30<sup>th</sup>, an estimate for current unfilled positions, and a projection for substitute costs not yet realized. The second quarter report will include a review of projected salaries by bargaining unit, as we continue to analyze the data from our Paraprofessional Unit, and the implementation of detailed schedules and differentiation pay for specialized programs.

The primary factors affecting non-salary accounts are a substantial increase of utilization of in-town transportation for Special Education programs and an initial surplus in Special Education tuitions and a revenue gap in Circuit Breaker. These accounts will be further refined throughout the year as actuals are realized and students are placed out of district, brought back into district, and settlements are reached.

The first quarter projection assumes the full expenditure of all non-salary line items, except for Transportation and Special Education contracted services costs. Both of these accounts are subject to variability based on students service needs, out-of-district tuition placements, and the impact of transporting students both out-of-district and to in-district programs in Brookline.

# **Budget Transfer Requests:**

- 1) Transfer \$224,872 from the Special Education Reserve Account (313028-558080) to the Special Education Transportation Account (313028-524631).
- 2) Benefits Reserve: \$111,996, TBD. The FY18 budget has a gap of \$877,557, and the district needed to carve deeper into the overall budget to manage the shortfall by:
  - Eliminating \$70,000 in technology innovation funds
  - Postponing the Year three Override 2.0 FTEs for Technology;
  - Postponing \$276,750 of year three Override Technology funds;
  - Postponing the funding for 4.0 Unallocated Special Education FTEs; and
  - Reducing curriculum non-salary accounts by 1%, or \$151,291.

The Benefits Reserve can be used to restore some of these cuts, pending a review and approval by the Administration.

Table 2 details all positions currently unfilled and posted for hire. These vacancies are factored into the first quarter salary projection. The dollars listed below are budgeted amounts and FTE, and will change pending the final decision on hiring.

Table 3 summarizes transportation spending through the end of the first quarter. The projection includes actuals through 9/30/17 and projects full known utilization for the remainder of FY18. There has been a significant increase in the use of in-town special education transportation this year, accounting for \$220,700 of the projected \$224,872 deficit.

**Table 3 – Transportation Costs**

Total	\$	2,090,159	\$	2,315,031	\$ (224,872)

**Special Education Contracted Services:** The Special Education Contracted Services budget (Tables 4 (Budgeted), 5 (Projected) and 6 (Reconciliation) includes Out of District Tuitions. While the initial assessment of these accounts indicates a substantial surplus in expenses, there are two caveats to keep in mind. First, this does not include any students on the 'watchlist', or potential costs from unilateral placements. This is a highly volatile and complex data set, which changes on a daily basis, and can lead to additional placements out of district or legal settlements. These groupings must be closely scrutinized and the risk factor adjusted, depending on the information at hand.

Second, we are facing a revenue gap between the Circuit Breaker account revenue we projected in February, and what actually was claimed and approved by DESE and published on October 2, 2017. We will continue to monitor spending in these accounts in order to close that gap going forward.

## FY18 Revolving Funds - Current Fund Balances

This section of the First Quarter Draft Report goes into greater detail for the Public Schools of Brookline's revolving funds. These funds were created under Massachusetts General Laws Ch. 41, Sec. 52 and 56 to administer programs that have a specific source of revenue from fees and charges to pay expenses in rendering the service for which those payments are made.

#### **Brookline Adult and Community Education**

Current Fund Balance: \$942,060 FY17 Performance: Net Loss, \$90,190

The Brookline Adult and Community Education is one of the oldest non-cred, public education programs in Massachusetts. Adult education has been a part of the Brookline community since 1832, beginning with the formation of the Brookline Lyceum Society. It is now one of the largest public programs in the state, with close to 800 courses and over 5,000 enrollments yearly. Today, BA&CE is the hub of an educational network serving students from more than 50 neighboring communities in the greater Boston area and beyond. A self-supporting program of the Brookline public schools, BA&CE's operating budget is funded entirely from course fees.

## Use of School Buildings - SE23

Current Fund Balance: \$193,387 FY17 Performance: Net Loss, \$48,697

The Use of School Buildings fund reflects the expenses incurred to prepare and operate buildings throughout the year for events held after school and on weekends offset by revenues from the lease of school buildings. In FY18, it supplements the General Fund at \$225,000.

#### Non-Resident Tuition - SE52

Current Fund Balance: \$209,922 FY17 Performance: Net Gain, \$63,739

This fund traditionally supplements the General Fund through foreign exchange tuition payments and through the staff materials fee. These fees supplement the General Fund by \$675,744.

#### School Athletics – SE26

**Current Fund Balance: \$0** 

FY17 Performance: Net Loss, \$122,363

This fund contains the student athletic fee which supplements the operating budget of the athletics program.

The program continues to struggle with a balanced budget, showing a net loss in FY17 of \$122K. The Department continues to struggle with collections, and rising transportation costs and facilities rental have adversely affected the bottom line of the program.

#### School Restaurant - SE27

Current Fund Balance: \$214,390 FY17 Performance: Net Gain, \$18,258

The School Restaurant Revolving Fund accounts for the revenue generated by the School Restaurant at Brookline High School. This program provides real-life training for students interested in the culinary arts as a part of our Career Education program at BHS. It continues to operate on a moderate profit, which is used to support the replacement of equipment needed to maintain the program.

#### <u>Summer School – SE28</u>

**Current Fund Balance: \$0** 

FY17 Performance: Net Loss, \$15,663

The Summer School Program at Brookline High School provides both required and enrichment based courses. This program has consistently operated at breakeven performance over the past several years, pending outstanding collections of tuition fees owed to the District.

#### <u>Early Childhood – SE20</u>

**Current Fund Balance: \$513,085** 

FY17 Performance: Net Gain, \$289,806

The Brookline Early Education Program (BEEP) operated by the Public Schools of Brookline is a fee for service model. These programs are subsidized by the General Fund for both Special Education and collective bargaining costs and supplemented by external grants – primarily the several grants distributed by the Massachusetts Department of Elementary and Secondary Education. BEEP increased its current fund balance in FY17 from increased tuition costs and salary savings from personnel leaves.

#### Food Service – SE25

Current Fund Balance: \$4,648

FY17 Performance: Net Loss, \$107,001

The Food Service Program has moved to a contracted service model in FY18. FY17 saw a decrease in revenue from sales, while food costs held even. Participation is the key to addressing this shortfall.

# <u>Circuit Breaker - SEB3</u>

**Current Fund Balance: \$549,991** 

FY17 Performance: Net Loss, \$222,782 FY18 Budgeted Claim: \$2,700,000 FY18 Actual Claim: \$1,688,705 Net Revenue Shortfall: (\$1,011,295)

The state special education reimbursement program, commonly known as the Circuit Breaker program, was started in FY04 to provide additional state funding to districts for high-cost special education

students. The FY17 budget utilized \$223K from the Circuit Breaker account to cover the gap between the FY17 projected claim and the actual final award from DESE.
