## 2. FY 23 Student Fees, Fines, and Charges

Full student access to programming is a core value of the PSB:

*The Public Schools of Brookline are committed to identifying and eliminating barriers to educational achievement in our schools. To this end, we create policies and practices that are fair and just and provide educational opportunities to ensure that every student, regardless of race, color, religion, gender, sexual orientation, marital status, age, national origin, disability, or economic status, meets our standards for achievement, participation, and growth.*

In fulfillment of this value, this policy on student fees, fines, and charges commits the PSB to the following:

- Regardless of financial means, all PSB students shall have access to all educational books, materials, and other education-related opportunities;
- The PSB will engage in responsible financial management and practices to ensure the above can be made possible; and
- The financial operations of the district will be transparent in order to ensure accountability to these commitments.
- All students and families are treated with dignity in all discussion or disclosure of confidential information.

Please refer to the PSB website address [www.brookline.k12.ma.us](http://www.brookline.k12.ma.us) to find both criteria and an application packet.

### I. Establishing Fees

The School Committee reserves the right to establish fees for participation in certain activities and programs. Examples include, but are not limited to, field trips and community education, Brookline Early Education Program (BEEP), Summer School, student parking, and athletics.

Unless otherwise specified through School Committee action, each fee shall be established on a yearly basis for the next school year and communicated in a timely manner to students, parents, and/or guardians. Due dates and payment schedules for all fees will be established by the relevant program.

### II. Collection of Fees, Fines, and Charges

#### A. Central Collection

This policy authorizes a centralized revenue collection and recording system for administration (charging and collecting) of Fees, Fines, and Charges. Such a system

should provide efficiencies and transparency for parents and the community. Faculty and staff (e.g. departments, clubs, student organizations, etc.) shall use this system for administration of all fees, fines, and charges.

**B. Non-Payment**

For fee-based activities, the School Committee expects that all fees will be paid in advance of participation unless the payor has been qualified for financial assistance by the Office of Administration and Finance pursuant to the policy on financial assistance.

If payment of any fee, fine, or charge is not received and the payor has been noticed in writing of the amount(s) due, the Superintendent or his/her designee may take one or more of the following actions, unless or until prohibited by state law or regulation:

1. Prohibit participation of the student in the relevant program.
2. Prohibit participation of the student or other students in the student's household from participating in any future fee-based program until or unless outstanding balances are resolved.
3. Prohibit student participation in senior activities or graduation exercises.
4. Referral to small claims court.

**Legal Reference:**

**M.G.L. Chapter 71: Section 47.** Athletic programs; school organizations; student activity accounts

**M.G.L. Chapter 44: Section 69.** Municipal or district services, fees or charges; insufficient funds, checks or electronic funds transfers; penalty

**M.G.L. Chapter 93: Section 40A.** Dishonored checks; demand for payment

### Agency Funds: Student Activities

Student Activities Fund Summaries: In 1996, due to the enactment of a state law on student activity accounts as codified in Section 47 of Chapter 71 of the General Laws of Massachusetts (MGL), the Public Schools of Brookline prepared guidelines to assist Principals in properly safeguarding student funds. These guidelines and procedures which are currently undergoing extensive review and updates are necessary to achieve good accounting practices, and comply with the law.

The financial monitoring of these funds is undergoing a full overhaul and audit to comply with the latest regulations. New policies and procedures are being finalized during school year 2021-2022 to ensure compliance and improve reporting, reconciliations, and routine audits of these accounts. These funds are student funds and are restricted to the following formula:

Formula for determining costs: 
$$\frac{\text{Total costs of all expenses (tickets, transportation, meals, etc.)}}{\text{\# of Students Attending}}$$

The Number of Student attending is not reduced by any financial assistance students. These students are funded from other sources determined by the Principal. Additional funding has been added to elementary school principal budgets for the purpose of funding financial assistance eligible students. Funds can only be used to directly benefit students. Use of funds for curriculum supplies, materials, or personnel are prohibited by statute.

## Program Overview

In 2016, the School Committee authorized a centralized application process to provide families with financial assistance for certain school related fees. The program provides a prorated subsidy for households earning less than 350% of the US Department of Health and Human Services Poverty Guidelines. The United States Department of Agriculture uses these guidelines to determine the Free and Reduced Lunch eligible income levels. The tables of income levels provided in this document are based on the United States Health and Human Services Poverty Guidelines posted on their website, which can be accessed here: <http://aspe.hhs.gov/poverty/index.shtml>.

The Superintendent will provide a centralized financial assistance application process for families seeking relief from various school-related fees and/or charges. Eligibility will be renewed or updated through an annual application process. If you need to apply for financial assistance, please click on the Financial Assistance Application link to the right and complete the application.

Financial Assistance will be offered to meet any PSB student fees or charges, including those for Athletics, Instrumental Music, and other program and field trip fees. Other fees include but are not limited to curriculum-based field trip expenses, Brookline Early Education Program (BEEP), School Department Summer Programs, and other fees the school department may charge as a result of curriculum requirements.

The program goals are as follows:

1. Implement an objective financial assistance program and application process for all students and families;
2. Allow families a single point of contact and determination within the school district; and
3. Adhere to a standard of confidentiality throughout the district.
