PUBLIC SCHOOLS OF BROOKLINE

will learn about the importance of composting, crop rotation, and soil nutrients. Additionally, this will serve as a SEL opportunity as students will be tasked with chores that require them to work collaboratively.

20. Describe activities planned before the trip to prepare students: Students will conduct field studies of the soil in various places around Lawrence to see what makes "good" soil.

21. Describe activities planned after the trip for students to wrap-up/reflect: Students will continue to study soil, essential plant nutrients, ecosystem relationships, and will eventually work collaboratively to create sustainable indoor vegetable gardens.

ACCESSIBILITY AND STUDENT SAFETY

22. To what extent does the field trip group reflect the diversity of the school population? What efforts will be undertaken to ensure that, to the greatest extent possible, the participants in this field trip reflect the diversity of the school population? All students will be working together to ensure that the farm chores are completed before making dinner and dining as a group. The students will play collaboratively as well as work collaboratively.

23. What measures are planned to ensure student safety on the trip, including chaperone coverage, student behavior contracts, etc. Students will have a chaperone with their groups at all times.

24. What is the name and location of the medical facility closest to your destination?

25. Will students be swimming? (please note: if swimming is planned, parents must give explicit written permission for their child to swim; students who do not have this express written permission will not be allowed to swim) Students will not be swimming.
