

PROPOSED REVISION OF THE PSB SUBSTANCE USE PREVENTION AND
EDUCATION POLICY

First Reading: March 2, 2023
Second Reading: March 16, 2023

I 3 e. Substance Use Prevention and Education (Voted 12/1/16, #16-76) (Replaced Teaching about Drugs, Alcohol, and Tobacco Voted 3/16/70, #70-92)

Purpose:

Mass. Gen Laws c. 71, s.96 requires each public school:

- to have policies regarding substance abuse prevention and the education of its students about the dangers of drugs, alcohol, and tobacco;
- to notify students' parents or guardians about the related policies and procedures, professional development support of staff; and
- to post the policies on the school district website.

And, the school district is required to file these policies with the Department of Elementary and Secondary Education (DESE).

In accordance with state and federal law, and this policy, the PSB shall provide an age-appropriate and developmentally appropriate, evidence-based alcohol, cannabis, e-cigarette/vaping devices, tobacco, and drug prevention education program in grades 5-12.

The alcohol, cannabis, e-cigarette/vaping devices, tobacco, and drug prevention program shall address the legal, social, and health consequences of their use, with emphasis on non-use by school-age children. The program also shall include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, cannabis, e-cigarettes/vaping devices, tobacco, or other drugs.

The objectives of this program, as stated below, are rooted in the Committee's belief that prevention requires education, and that the most important aspect of the policies and guidelines of the District should be the education of children and youth on healthy decision-making:

- To prevent, delay, and/or reduce use of alcohol, cannabis, e-cigarettes/vaping devices, tobacco, and other drugs among children and youth.
- To increase students' understanding of the legal, social, and health consequences of using alcohol, cannabis, e-cigarettes/vaping devices, tobacco, and other drugs.
- To teach students self-management skills, social skills, negotiation skills, and refusal skills that will help them to make healthy decisions and avoid use of alcohol, cannabis, e-cigarettes/vaping devices, tobacco, and other drugs.

PROPOSED REVISION OF THE PSB SUBSTANCE USE PREVENTION AND
EDUCATION POLICY

First Reading: March 2, 2023

Second Reading: March 16, 2023

- To teach students to respect all members of their school community by refraining from the use of alcohol, cannabis, e-cigarettes/vaping devices, tobacco, and other drugs in a manner that could expose and thus adversely impact the health of others who abstain from such use. Specifically, students shall be instructed not to use any of these substances anywhere on school grounds, including bathrooms.

The curriculum, instructional materials, and outcomes used in this program shall be recommended by the Superintendent or his/her designee.

This policy shall be posted on the district's website and notice shall be provided to all students and parents in accordance with state law. Additionally, the district shall file a copy of this policy with DESE in accordance with law in a manner requested by DESE.
