Budgetary Impact

- The John D. Runkle School takes into consideration the budgetary needs of the District and with the funds provided by the Town, State, and federal government. All funding decisions are made with the best interest of children in mind and under the constraints set forth by the Town Managers and our School Committee
- Any funds dedicated to the school itself and are at the discretion of the principal go directly towards professional development and stipends for adults who support extra activities such as Homework Center, GSA, Young Scholars, school plays/musicals, and athletic coaching positions. Runkle's discretionary budget may also support some materials/supports for our RISE program.
- Our percentage of high-needs students (English-learners and students with academically-based disabilities) continues to grow. Although Runkle is well-staffed with Special Educators and over 35 paraprofessionals, the need for supports continues to grow.

SIP Goal #1

District Goal: Increase achievement for all students by establishing, implementing, and regularly assessing a consistent, high-quality, and challenging curriculum delivered using evidence-based practices
