

## PUBLIC SCHOOLS OF BROOKLINE **FACE COVERINGS**

The Public Schools of Brookline (PSB) are committed to providing a safe environment as schools reopen during the COVID-19 pandemic. According to public health experts, one of the best ways to stop the spread of coronavirus and to keep members of our school community safe is to wear face masks or face coverings. Therefore, in accordance with guidance from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH), the following requirements are in place until further notice.

A face covering that completely covers the nose and mouth must be worn by all individuals in school buildings, on school grounds and on school transportation, even when social distancing is observed. Masks must fit snugly against the sides of the face, secured with ties or ear loops. Gators, balaclavas, bandanas, and coverings with valves are prohibited.

Individuals may be excused from this requirement for the following list of reasons, per CDC guidance:

The individual:

- has trouble breathing;
- is unconscious;
- is incapacitated;

In addition, masks or face coverings will not be required for anyone who has a medical, behavioral or other challenge making it unsafe to wear a face mask or face covering. -Face shields or physical barriers may provide an alternative to masks as an exemption in some instances, subject to the approval process outlined below.

A written note from a physician is required prior to approval of a requested exemption. In the event that a written note from a physician cannot initially be obtained due to hardship with timely access to a doctor, a written note from an NP or RN may be accepted on an interim basis, subject to the discretion of the school principal after consultation with the PSB Coordinator of School Health Services. Parents may not excuse their child from the face mask requirement by signing a waiver. Until an exemption waiver is approved, students must abide by the general terms of the PSB Face Coverings policy.

Additionally, face masks or face coverings will not be required when appropriate social distancing is enforced:

- while taking staggered mask breaks of less than 5 minutes under strict protocols to be laid out in detail by the superintendent in consultation with the PSB Coordinator of School Health Services;
- while eating or drinking;
- during certain activities in physical education classes;
- while outside.

~~Exceptions to this policy under certain circumstances, such as for students with medical, behavioral or other challenges who are unable to wear masks, must be approved by the building principal in consultation with the school nurse or local Board of Health. Face shields or physical barriers may provide an alternative in some instances.~~

A student's mask or face covering is to be provided by the student's family. Staff members are responsible for providing their own face coverings. However, the district will supply disposable face coverings for individuals who arrive at a building, or board school transportation without one.

If students are in violation of this policy, ~~the~~ they will be sent home while the building principal ~~will~~ consults with the parent/guardians to determine whether an exception is appropriate. If an exception is not appropriate the students may be removed from the school building for in-person learning until such time as they can comply with the requirement or the requirement is lifted.

Violations of this policy by staff will be handled in the same manner as other violations of School Committee policy.

Visitors in violation of this policy will be denied entry to the school/district facility.

This policy will remain in place until rescinded by the School Committee.
