# Quick start for Mac

Learning Ally)((

Welcome to Link! We want to make sure installing and using Link is as easy as possible. Follow these simple steps to begin your learning experience.
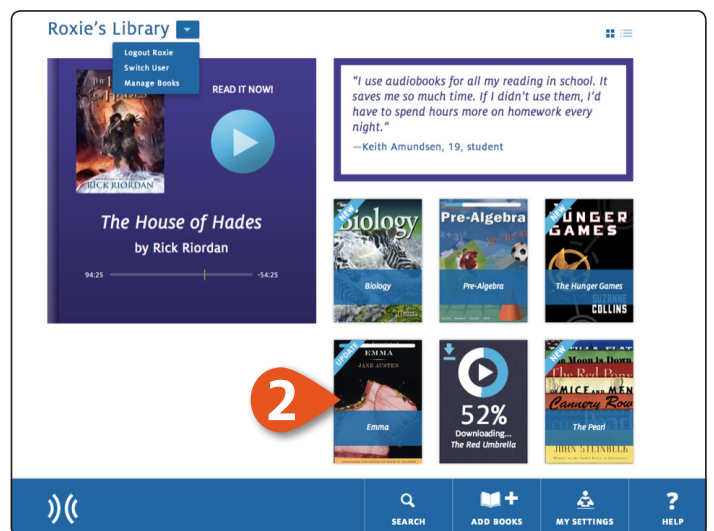

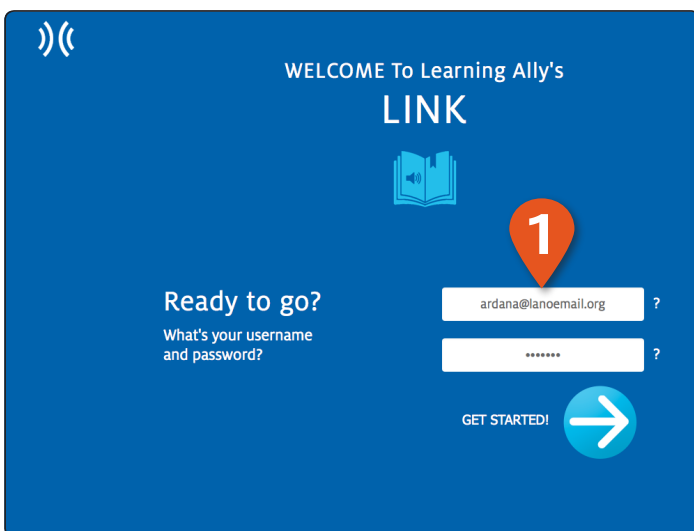

INSTALLING LINK

1 To download Link from the Mac App Store visit our Link product page at www.LearningAlly.org/Link and select the Mac App store badge.

2 You will be directed to the Mac App store where you can select the download button on the top left of the page

**3** Once downloaded the link app will be available from your applications folder on your Mac.
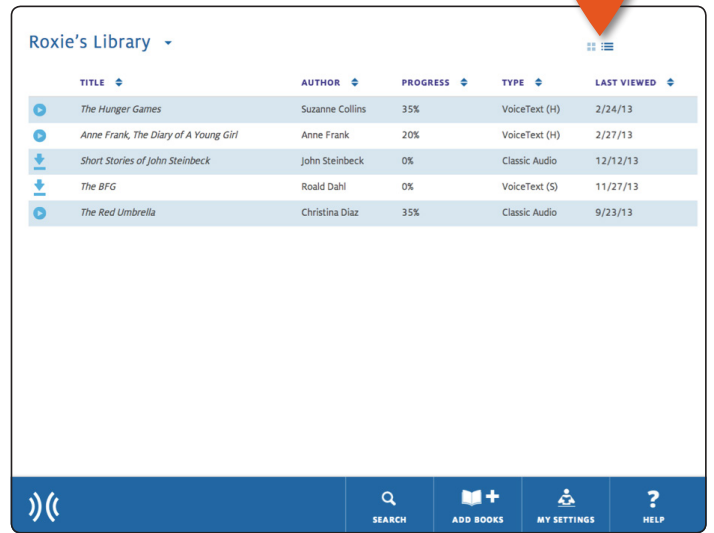

USING LINK

1 Launch Link and log in using your **USERNAME** and **PASSWORD**.

2 This is the **BOOKSHELF** which displays all of your audiobooks. Here you can browse, download books and view progress on your current book.
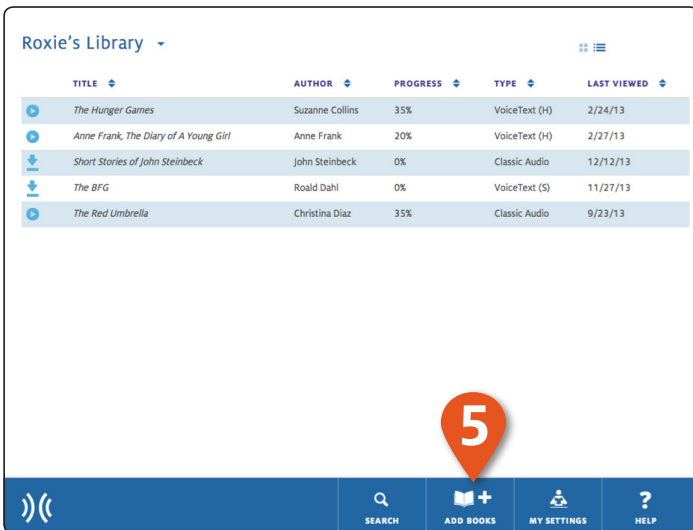

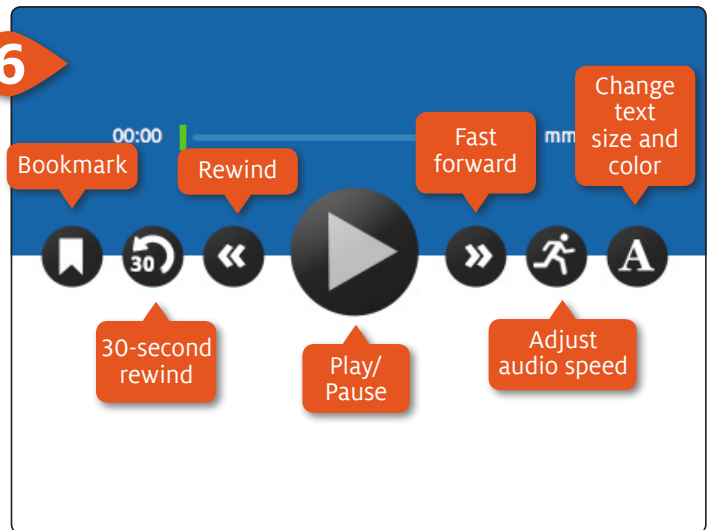

3 To delete books from the bookshelf, select **MANAGE BOOKS** from the library drop-down menu. Click 🔴 to remove books.

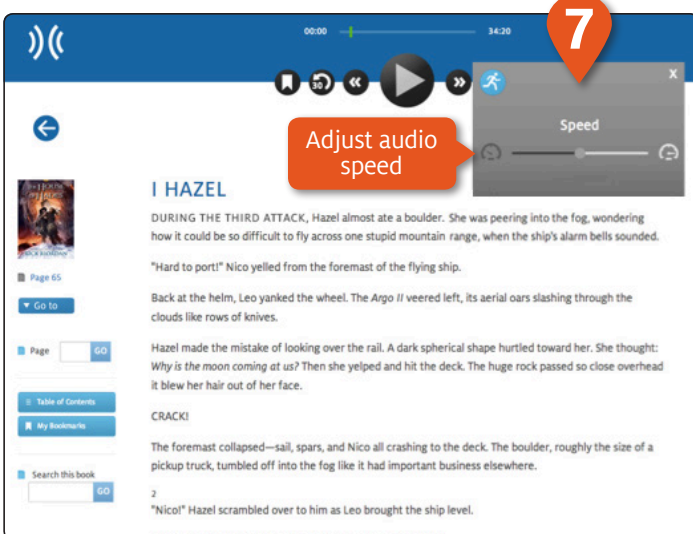

4 You can switch from bookshelf view to a list view using the **VIEW CONTROLS**. List view provides audiobook details including author, progress and the last date viewed.

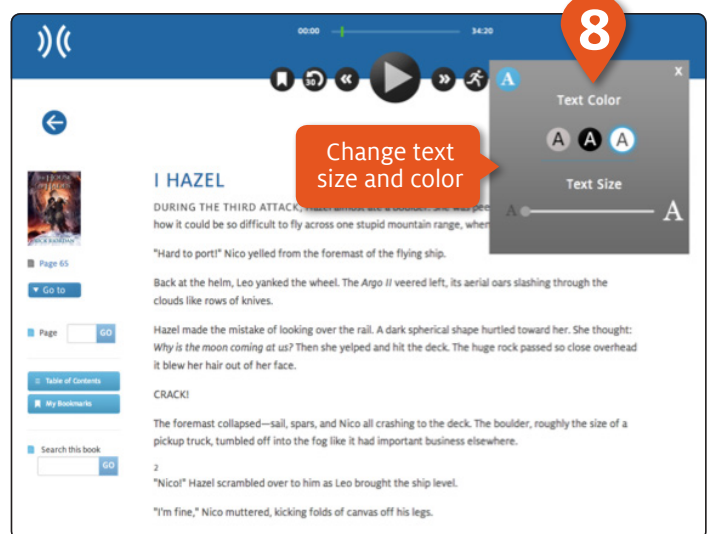

5 click on **ADD BOOKS** to access your online bookshelf, then use the refresh button to update Link to see your new book.

Bookmark · Rewind · Fast forward · Change text size and color · 30-second rewind · Play/Pause · Adjust audio speed

6 This is the **NAVIGATION BAR** on the audiobook reading screen. From here you can control your experience. You can play, move back and forth between pages, set bookmarks and navigate your book.

Adjust audio speed

**7** You can adjust the audio speed.

Change text size and color

8 You can change the text size and color.
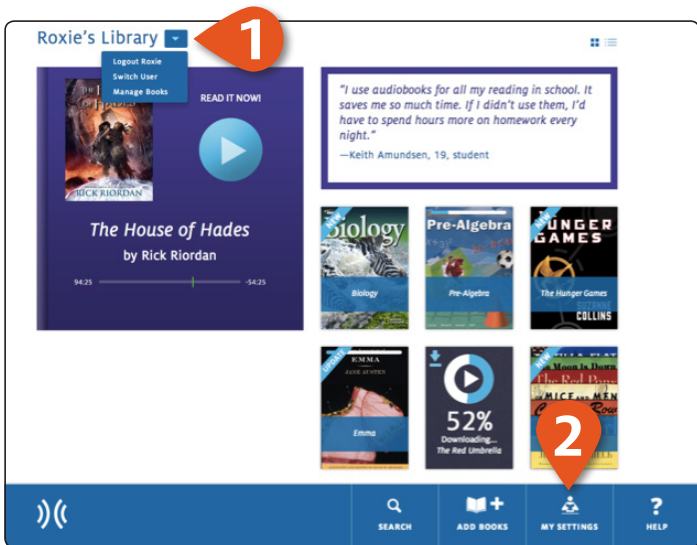

USING LINK

**9** You can add bookmarks at any point using the **ADD BOOKMARK** control.

10 The left side panel provides simple controls that allow you to to jump to a page, a table of contents and access saved bookmarks. You can search your books using keywords and phrases.

USER SWITCHING AND ADVANCED SETTINGS

1 If you are in a classroom where multiple students use the same device you can easily switch users by selecting **SWITCH USER** from the library drop-down menu.

2 Access advanced settings and controls using the **MY SETTINGS** feature. You can set reading preferences and access administrative controls. Follow the on-screen directions to change these settings.
