The Public Schools of Brookline Superintendent's FY13 Preliminary Budget

School Committee Members:

Rebecca Stone, Chair Alan Morse, Vice Chair

Helen Charlupski Dr. Elizabeth Childs Susan Wolf Ditkoff Amy Kershaw

Judy Meyers Barbara Scotto Dr. Henry Warren

Superintendent of Schools

Dr. William H. Lupini

Deputy Superintendent for Teaching and Learning Dr. Jennifer Fischer-Mueller **Deputy Superintendent for Administration & Finance**Peter C. Rowe

Assistant Superintendent for Student Services Dr. Kirsten Esposito Balboni

Assistant Superintendent for Human Resources Dr. Angela Allen

Director of Administrative ServicesMichael D'Onofrio

Superintendent's Message

The Public Schools of Brookline Superintendent's FY2013 Budget Message

The Public Schools of Brookline (PSB) continue to be regarded as one of the leading public school systems in Massachusetts. Brookline students and graduates vie favorably with their contemporaries, as determined by placement at and graduation from highly competitive colleges and universities, by grade-level competencies, and by numerous standardized measures of achievement. Moreover, our alumni and staff play an important role in their professional endeavors and society in general.

The Strategic Plan of The Public Schools of Brookline provides a guide for our programmatic endeavors and a framework for documenting the success of our students, programs, schools and system. Detailed goals and approaches are derived from our mission:

"To ensure that every student develops the skills and knowledge to pursue a productive and fulfilling life, to participate thoughtfully in a democracy, and succeed in a diverse and evolving global society."

Furthermore, our priorities and delineation of success are derived from our four (4) strategic areas of focus:

- Academic Excellence through Content, Pedagogy and Relationships
- Educational Equity
- Thriving in a Complex Global Society
- Continuous Improvement using Data

Beginning in FY2011, we initiated a move toward public reporting on the measurements of our goals, designed to provide the community with specific indicators of our progress on these important characteristics of quality. We are committed to reaching the high standards we have set for ourselves with respect to this variety of measures, as well as to providing a level of service and effectiveness that our residents and families have every right to expect of their public school system.

The Town of Brookline takes pride in a longstanding reputation for the excellence of its public schools, the quality of its teaching and administrative staff, and lofty degree of community support for education. Evidence of the special relationship between our citizens and their schools is revealed in a number of ways, including:

- The support shown for the Runkle School renovation and addition project. This \$29.1m venture will provide the school community with a facility designed to accommodate its student population, to provide appropriate common spaces (cafeteria, library, multi-purpose room and gymnasium), and to meet the educational needs of its staff and students. We are pleased to be planning a September, 2012 re-opening at Runkle.
- The collaborative perspective demonstrated by Town officials on the Heath School addition project will result in this school population having additional classroom space, an enlarged library, appropriate cafeteria seating, and a multi-purpose room. This \$8.3m effort is also projected for completion in September, 2012.
- It is clear that, given our system enrollment concerns, we will continue to investigate other building program and space options during the coming years. To this end, a concept study is currently underway at the Devotion School and a space analysis will be conducted at Brookline High School in late 2012. In addition, the upcoming Capital Improvement Plan (CIP) includes an additional \$1.5m for the creation of classrooms within existing buildings, the maintenance and repair of other facilities (including Lynch Center), and the possibility of space rental and/or acquisition outside our current facilities. This commitment to school projects in a time of unprecedented enrollment, notwithstanding the difficult economic times, is to be lauded.
- The Board of Selectmen, Advisory Committee, Town Meeting membership, and Town administration continue to work cooperatively with us to use the Town-School Partnership as a guiding agreement, while emphasizing the <u>flexibility</u> required to address enrollment concerns, in dealing with revenue opportunities during each of (at least) the past eight (8) years.
- The successful override campaign of May, 2008, permitted an extension of instructional time within the system, along with the design and implementation of an elementary world language program offered in kindergarten through grade six at each of our PK-8 schools.

We sincerely appreciate the level of support provided by the entire Town and accept, as part of this generous backing, our obligation to account for our programs and communicate frankly the successes and the challenges for our system.

Unfortunately, other dynamics affecting the world are not under our control. Due to the current economic climate, as well as a number of other dynamics that influence our bottom line, there is reason to be concerned about continuing our historic success. Specifically, the FY2013 budget development process has been complicated by the following state and local revenue and cost factors.

• Enrollment. We have experienced significant growth in the K-6 cohort, including (using October 1, 2011 enrollments) the present kindergarten class (602 students), grade one (551 students), grade two (658 students), grade three (566 students), grade four (532 students), grade five (538 students), and grade six (517 students), representing a substantial increase compared to historical enrollments in our system. In addition, our projections for the next four years, including the incoming kindergarten class (estimated to be 600 students),

would appear to continue this pattern of accelerated growth. In order to sustain reasonable class sizes, within the confines of our available space, these enrollments dictate increased staffing levels, including classroom teachers and specialists, at the K-7 elementary level in FY2013.

- <u>FY2013 House 1 Proposal</u>. Governor Patrick's budget proposal provides a significant increase for Brookline's Chapter 70 Funding based upon the calculation imbedded in the Chapter 70 formula re-set by the legislature in FY2007. The Governor's recommended increase of \$145.6M to statewide Chapter 70 funding allows for a \$2.0M increase to Brookline. Formula factors which have positively affected Brookline include the increase in Brookline's Foundation budget due to enrollment, inflation and special populations. In addition, Unrestricted General Government Aid is level funded in the Governor's Budget, but State Assessment increases caused a significant jump in Brookline's share of MBTA costs which rose by \$431K.
- <u>Circuit Breaker</u>. The Governor's budget level funds "Circuit Breaker" reimbursement for FY2013. While level funding in this category generally represents a reduction in percentage of costs covered, for FY2013 level funding will mean approximately \$1.9M of Circuit Breaker funding. Since the FY2012 Budget was based upon \$1.68M of Circuit Breaker funding, and FY2012 funding will also be at \$1.9M for actual funding, with projected expenditures at less than full funding, we expect this account to represent an opportunity to grow FY2013 funding by \$75K.
- <u>Local Town Receipts</u>. The Town is projecting a small (4%) increase in Local Receipts for FY2013, as well as an increase in property tax revenue (2.5% on the base plus new growth) in the coming year. Local Receipt increases are due to growth in Local Option Taxes, Motor Vehicle Taxes, Interest Income and an accounting change to Medicare Part D reimbursement.
- <u>Step and Lane Advancement</u>. The substantial number of teacher retirements in the system since 2003 has resulted in a professional staff that is, on average, younger and has less teaching experience. In addition to negotiated salary increases, these newer teachers are more likely to experience additional increases associated with steps (years of experience) and lanes (graduate degrees and credits). As a result, the annual salary costs borne by the district are now significantly more than the published negotiated adjustments. Specifically, this means that we will need to budget \$1.1m for step and lane increases for FY2013.
- <u>Collective Bargaining</u>. We were very pleased to arrive at a three-year collective bargaining agreement with our Brookline Educator Union (BEU) groups for FY2012 through FY2014, allowing for an increase in teacher collaboration time and flexibility in the salary schedule placement of new hires. The total cost of the 2% negotiated salary increases for FY2013 is \$1.3m when applied to all employees.
- <u>Health Insurance</u>. FY2013 will represent the third year of Brookline's participation in the Group Insurance Commission (GIC), the Health Insurance system for state and municipal government employees. All parties to this agreement are to be congratulated for the spirit of cooperation which has resulted in savings to employees, as well as to our general operating budget. Currently, however, we are projecting

- a 5% increase to the rates for FY2013 as well as an increase to the Town cost share of health insurance, which will rise from 80% to 83%. These two elements increase the school department share of Health Insurance by \$1.2M for FY2013.
- Special Education. The costs associated with private placements of our students remain unpredictable on at least two levels. First, although we do make some contingency plans within our spending plan, we cannot plan at all to accommodate students whose families relocate to or from the system because they are under no obligation to communicate with us prior to their arrival or departure. Therefore, we are subject to potentially volatile swings in our budget with respect to the numbers of students placed at any given time. Second, the mechanisms for controlling the cost of private placements, designed and implemented by state officials, have not worked and have led to rapidly accelerating costs for certain private schools in which some of our students are placed. However, we are appreciative that our legislative delegation has expressed interest in controlling the restructuring cost requests from private schools.

Overall Budget Picture for FY2013

The proposal shown below is designed to address the needs of our rapidly growing public school system and its students, continue our focus on our strategic plan and improve our educational program, and close the budget gap resulting principally from the factors described above. Paring the budget means that some services must be reduced, eliminated or restructured. We are, therefore, forced to adapt and change in order to provide the best educational program to the Town with the resources available. The proposals outlined here are designed to meet the competing imperatives of enhancing the instructional program in Brookline within the constraints of the current economic climate and our growing student population. Furthermore, we attempted to honor countless significant elements of our strategic plan, as well as to continue our focus on three (3) key overall goals:

- spend our scarce dollars to keep teachers in classrooms with students;
- focus on teaching and learning, program review, professional learning, and data analysis;
- improve student services and special education in order to better serve our students and their families <u>in Brookline</u>, while reducing costs whenever practical.

I have actively consulted with my leadership team, including Senior Staff, Principals, and Coordinators, in formulating these concepts. In addition, the FY2013 Budget Guidelines and Priorities document, adopted by the School Committee on Thursday, December 15, 2011, provided excellent guidance in this work. The following spending plan represents my best judgment of the greatest good in line with our joint obligations both to the current citizens and the taxpayers of the next generation.

This plan description includes a detailed discussion of anticipated revenue growth and challenges, expenditure increases, program improvements, program and staffing reductions, contingencies, use of reserves, and other factors considered in preparing this FY2013 budget.

REVENUE SUMMARY

Revenue Growth

- <u>Town-School Partnership</u>. The partnership, which considers state and local revenue sources, as well as shared expenditures including health insurance and utilities, allocates an increase of \$2.8M to the public schools in the FY2013 plan for growth revenue. This projection assumes a significant increase (\$2M) to Chapter 70, level funded Unrestricted General Government Aid, a 4% increase to overall local receipts, and a modification to the Town/School Partnership formula for FY2013 to reflect the increase in school enrollments.
- <u>Circuit Breaker</u>. House 1 projects level funding for Brookline in FY2013. With actual spending of Circuit Breaker funds lagging the actual funding by \$75K, we will expect to grow spending in FY2013 to this level and adjust the revenue budget by a corresponding amount. While Circuit Breaker funding can be variable, the base on which FY2013 will be set is expected to yield level funding (\$1.9M) for FY2013.
- <u>Materials Fee</u>. This program, which allows non-resident town and school employees to enroll their children in our school system for \$2k per year, represents a tremendous strategy for attracting and retaining quality people. However, given our current budget shortfall and the increasing number of families applying for the program, we are proposing that the budgeted expenditure from this program be increased by \$57k for FY2013. Details of the proposal, including the per student fee and possible enrollment "caps" in specific grade levels, will be provided to the School Committee on Thursday, March 1, 2012.
- <u>Food Services</u>. This charge includes the second phase in having our food services revolving account pay for health insurance costs of their employees. Specifically, the program was charged \$100k in FY2012, \$150k in FY2013 and will be charged \$200k in FY2014, with a goal of meeting the full health insurance obligation (currently \$225k) for FY2015.
- <u>Adult Education</u>. While this revolving account currently pays the complete health insurance costs of employees (\$49k), as well as some facilities costs (\$60k), this additional charge of \$50k better reflects the total cost of operating facilities associated with these classes.

Utilization of Reserves

Our reserves available for FY2013 appropriation will be approximately \$800k as of June 30, 2012. Although the School Committee Budget Guidelines stipulate that we look thoughtfully at phasing out our over-reliance on these monies in the FY2013 budget, we have not been

able to do so in this initial spending plan. Specifically, this proposal includes \$750k in reserves dedicated to ongoing operational expenditures. However, we will recommend that any additional funds made available (i.e., additional state or local aid, reduction in Group Insurance Commission rates) be used to reduce the level of reserve funding committed to the FY2013 spending plan.

Revenue Challenges

- <u>METCO</u>. Governor Patrick has proposed level funding for METCO in his spending plan, although we are concerned that the Legislature could reduce our anticipated dollars in the next few months. Moreover, our present situation will be complicated by personnel expenses (steps and lanes, as well as negotiated salary increases) and student transportation costs. Although we are not planning for any change to the budget for the program, it is possible that we will experience program reductions for FY2013.
- <u>Federal Grants</u>. We are awaiting decisions at the Federal level regarding reauthorization of the Title grants, which could result in a reduction in current levels of support for these programs.

Overall Revenue Picture

Based on the figures provided above, the total new revenue available to us in formulating the FY2013 spending plan is \$3.1m.

SPENDING PRIORITIES AND REDUCTIONS

This section focuses on recommended spending increases and reductions for FY2013. Specifically, discussion centers on program improvements and innovations, enrollment driven priorities, contingencies against expenditure growth, salary increases, general operation expenses, staffing reductions and other factors impacting the FY2013 spending plan.

Program Improvements and Innovation

In order to support recommendations from Program Review and innovative projects, the FY2012 budget included \$244k in additional funding over the previous year. Examples of FY2012 expenditures include two elementary schools entering the Literacy Collaborative at Lesley University, training literacy teams at all the elementary schools, and beginning the implementation of the Olweus Bullying Prevention Program. With the FY2012 funds moving forward into the FY2013 budget, an additional \$43k will fund our priorities, continue projects into their second year and initiate new innovations. These new items are as follows:

• <u>Content Reading Initiative</u>. This proposed Brookline High School project will support three (3) departmental teams of four (4) to six (6) teachers committed to the goal of improving student literacy. For two years, teachers from each of the participating departments will be

trained in adolescent literacy with attention to their specific area of content. Each team will have a Team Leader as group facilitator. After the first two years (FY2013 and FY2014), three (3) more departments will participate for another two (2) years. This multi-year project will be supported collaboratively by the 21st Century Fund, the Brookline Education Foundation and The Public Schools of Brookline.

- <u>Literacy Collaborative</u>. We propose to add two (2) additional schools to this initiative, while funding Runkle and Pierce for their second year in the project. The Literacy Collaborative is primarily a professional development initiative. Teacher capacity is built through the Literacy Coach model. In addition to classroom instruction, school-based Literacy Teams help educators become skilled at using assessment data and translating that information into targeted literacy instruction.
- <u>Scheduling Software</u>. This package, which is currently being piloted at Driscoll School, could allow all elementary schools to create a more common scheduling framework.
- <u>Tripod Student Survey</u>. This nationally-recognized survey provides the system and our teachers with valuable feedback from students regarding relationships and teacher expectations.
- <u>Translation Services</u>. We recommend funding to ensure that selected documents are translated to our common languages and that we can provide for translation to other languages, when appropriate.
- <u>Program Review</u>. These funds will allow us to pilot an electronic social studies textbook (grade 7), provide non-fiction books for bookrooms (grades K-5), new curriculum materials to support science instruction, and literacy program professional development and materials (grades 3 and 4 Leveled Literacy Intervention).

Beyond these specific "teaching and learning" requests, additional funding for program improvements and innovation is recommended as follows:

- <u>Mathematics Teacher (Geometry Advanced)</u>. We currently have twelve (12) elementary school students across the system who are ready for the Geometry Advanced (high school) class, but are not yet ready to be in a high school environment. This .20 FTE position will allow them to take this class outside of the high school at a cost of \$12k.
- <u>Elementary World Language</u>. We recommend the allocation of \$46k to support the .80 FTE increase in elementary world language. As the middle level model continues to evolve in our elementary schools, grade six world language needs to adapt. The current structure (three times per week for 30 minutes) interrupts the blending of grade six with grades 7/8. Moving the grade six model to three times per week for 45 minutes allows for a unified middle level schedule.
- Ongoing Innovation. We recommend the allocation of \$50k to support the fourth year of our Landmark Partnership and the fourth year of the Calculus Project. With respect to our work with Landmark, Lawrence School will have limited consultation in FY2013, while

Driscoll School will enter its second year. The Calculus Project originates with rising eighth graders enrolling in a summer course to preview next year's math. Year to year students in this project receive tutoring after school and continue to take summer preview courses, all in order to enroll and succeed in Calculus Honors during their senior year.

- <u>Wireless Infrastructure (Technology)</u>. We now have a robust wireless environment at Brookline High School and will create similar conditions at Runkle and Heath when renovations are complete. This funding will allow us to ensure wireless access in three (3) additional elementary schools during FY2013, with the other sites to be completed in FY2014. The total cost of this project is \$125k, with \$66k being paid from the Town's Capital Improvement Plan (CIP).
- <u>Technology Initiatives</u>. We are recommending that \$100k be allotted to accomplish the following: (a) adoption of a Learning Management System for Brookline High School; (b) increase the annual life cycle maintenance funding, thereby allowing us to maintain the five-year replacement cycle; (c) increase audio visuals and peripherals, including projectors, document cameras, printers, scanners, and cameras; and (d) increase district portfolio of online resources.
- Board Certified Behavior Analyst (BCBA) Staffing. This proposal entails bringing the supervision of home-based BCBA services in-house through a reduction of contracted services. Specifically, 4.0 FTE BCBAs would monitor, supervise, collaborate and implement home based and parent training instruction as outlined in numerous Individual Education Plans (IEPs) across the system. Brookline will develop an "in house" model for providing specialized consultation to those providing the direct services that supplement and/or train families in acquiring and demonstrating skills as outlined in IEPs. Furthermore, Brookline will provide the necessary oversight and alignment of home/school collaboration, make appropriate recommendations at Team meetings, and track effectiveness of progress. Close collaboration with families and carryover to school based staff will enhance our ability to transfer skills from school to home. The cost of hiring the BCBA staff is \$337k, while the reduction in contracted services associated with this modified approach is \$363k.
- <u>Applied Behavior Analysis (ABA) Technicians</u>. This proposal includes funding to hire in-house technicians to provide direct home-based services outlined in IEPs across the system. These technicians will be trained and overseen by the newly proposed BCBA positions. In lieu of contracting out for the services, Brookline will hire part-time employees to work flexible hours after school to fulfill our obligation of these services. The number of ABA technicians will be based on the number of hours that the system is committed to fulfill through existing and future IEPs. The anticipated cost of hiring technicians is \$301k and the reduction in contracted services associated with this proposal is \$637k.
- <u>Home Services Clerical Support</u>. Development of an in-house model for providing home services will require clerical support to organize, track, schedule, and coordinate the program. This position will work directly with the BCBAs to develop a calendar for services; track the necessary paperwork, including invoices of staff; and manage schedules. The cost of this proposal is \$20k.

- <u>Autism Spectrum Disorder (ASD) Teacher</u>. This proposal would create a "continuum of service" for students graduating from the system-wide ASD program located at the Runkle School into the Brookline High School. As the needs of this growing population continue, BHS requires a teacher who specializes in ASD to customize, collaborate, and implement a program for an established cohort of learners. The cost of this proposal is \$58k.
- Office of Student Services Business Analyst. This position will be the financial analyst of all ancillary expenditures, make projections over time based on trends and data, and use data to anticipate special education costs with greater accuracy. This position will specifically negotiate and manage vendor contracts, monitor specialized costs related to IEPs, analyze building expenditures and growth, and identify trends of services in an effort to reduce contracted services and build in district supports. This position will work in tandem with the Deputy Superintendent for Administration and Finance and his staff, along with the Assistant Superintendent for Student Services. The cost of this proposal is \$60k.
- <u>Director of System-wide and Out-of-District Programs</u>. This proposal changes a Unit A position to a Unit B administrative position. It allows for supervision and evaluation of social workers and system wide program staff, as well as enabling us to further develop district programs. This level of administrative oversight is necessary as Brookline establishes model programs aligned to best practice with data driven results. The total cost of the proposal is \$8k.

Enrollment

- <u>Elementary Classroom Teachers</u>. Given our estimate of 600 kindergarten students for FY2013, we are projecting a need for 4.0 FTE additional elementary classroom teachers at a cost of \$230k. This does not include teaching positions that may be necessary to lessen class sizes in existing building-level cohort groups.
- <u>Elementary Classroom Specialists</u>. The assumption of 600 new kindergarten students will also require an additional 2.50 FTE elementary classroom and subject area specialists, including the following: elementary world language (.30 FTE), middle level world language (.20 FTE), physical education (.60 FTE), performing arts (.70 FTE), visual arts (.10 FTE), social studies (.30 FTE), English (.20 FTE) and health (.10 FTE). The cost of these additional positions is \$145k.
- <u>Elementary Classroom Materials</u>. We have allotted funding for the purchase of classroom materials associated with additional grade level sections for the coming year. These dollars are included in the overall Teaching and Learning budget described earlier in this message.
- <u>Special Education Teachers and Clinicians</u>. This proposal entails a net increase of 6.8 FTE positions in special education across the system, including the following: learning center and intensive learning center (4.70 FTE), psychologists (.40 FTE), speech (1.10 FTE), occupational therapy (.20 FTE), guidance (.20 FTE), and nursing clerical support (.20 FTE). The cost of these proposals is \$392k, which is partially offset by a reduction in contracted speech services of \$55k.

- <u>Brookline High School Nursing Services</u>. This proposal of a .20 FTE increase in nursing services at BHS, at a cost of \$14k, recognizes the increased needs of the high school population, including students who are enrolled in our various special education programs.
- <u>Vice Principals</u>. In FY2012, we moved all elementary vice principals to 1.0 FTE. However, the Runkle position was paid for as part of the building project and, given the completion of that renovation, will now need to be carried on the operating budget (.40 FTE). The total cost of this proposal is \$23k.

Contingencies

- <u>Special Education Contingency</u>. We recommend that \$300k in emergency funds be established to deal with unanticipated special education obligations during the FY2013 budget year.
- <u>General Education Contingency</u>. This budget assumes the inclusion of a \$162k regular education contingency to address growth in existing building-level grade level groups, additional material and program needs, and other unanticipated issues.
- <u>Grant Contingency</u>. We recommend that an additional \$25k be set aside to address grant shortfalls that may result from changes in federal and state funding. Examples would include Title I, METCO and Kindergarten grants.

Salaries

• <u>Collective Bargaining</u>. As noted earlier in this message, our collective bargaining obligations with BEU groups (teachers, administrators and paraprofessionals) for FY2013 equal \$1.3m. In addition, we know that step and lane increases for BEU units will cost an additional \$1.1m in FY2013. Therefore, the total cost of collective bargaining for FY2013 is approximately \$2.4m, which will be partially offset by \$350k in savings from anticipated retirements and other staff turnover.

General Operations

- <u>Custodial Services</u>. This increase of \$50k to contracted services will be necessary to address cleaning needs in the additional square footage created as a result of the Runkle and Heath renovations.
- <u>Transportation Services</u>. This increase of \$50k represents additional special education transportation requirements, as well as a 2% increase in our transportation contract for FY2013.
- <u>Substitute Teachers</u>. These additional funds are necessary to address the increase in child-bearing leaves over the past few years. The total proposed increase is \$50k.

Staffing Reductions

- <u>Elementary Math Specialists</u>. This reduction of \$58k assumes the elimination of 1.0 FTE of our current 13.2 FTE elementary mathematics specialists, along with a reconfiguration of the assignment of staff to better match our student population and demographics.
- <u>High School Teaching Staff</u>. This reduction of \$58k assumes the elimination of 1.0 FTE teaching positions at Brookline High School. Specifically, a configuration of individuals who do not teach five (5) sections (including 4+1) will need to do so to accomplish this plan.

Other Factors

- <u>African-American Scholars</u>. We appreciate that the 21st Century Fund has supported this program for the past two years. This budget item of \$112k assumes that we will fund 1.45 FTE positions associated with the program for FY2013.
- <u>21st Century Fund</u>. We have worked with the 21st Century Fund to create a two-year plan to modify position cost assumptions so that their reimbursements will better reflect the true cost of our employees. This impact of \$15k (down from \$30k in FY2012) is the first step in that plan. In addition, the Fund continues to generously support a number of important initiatives within the high school, including the proposed Content Reading Coaching model and Global Leadership program.
- <u>Paraprofessionals and Interns</u>. During the past three (3) budget cycles we have implemented a plan to provide support in kindergarten and first grade, although the original intent was to also assist second grade classrooms. As presently implemented, this program has provided a full-time paraprofessional in every kindergarten, as well as allowing Principals to aid first or second grade classrooms, depending on the needs of their student population, with an intern or paraprofessional. This item assumes that we can add ten (10) interns to this staffing profile, while eliminating an equal number of paraprofessional positions in those grade levels, thereby saving \$100k in the FY2013 spending plan.
- Out-of-District Placement "Allowance." Current estimates show that a substantial number of students in out of district placement are anticipated to either move or "age out" for FY2013, resulting in a total reduction of \$750k to this budget line. Our goal in this spending plan will be to retain \$300k of this figure as a true reduction, meaning that we will project that \$450k of that figure will be expended on other potential placements during FY2013.
- <u>Early Education Tuition</u>. This spending plan includes a 3% increase in tuition rates for all of our early education classes which, among other fiscal and programmatic concerns, will allow us to maintain the number of scholarships necessary to serve those families who most have need of our school-based services.
- <u>Steps to Success</u>. While the FY2013 budget maintains current staffing in the Steps to Success program, it also assumes a fourth year of financial support from the Brookline Housing Authority of \$23k for a .50 FTE of the 4.0 FTE advisor positions. We sincerely appreciate this commitment from Authority leadership, which will enable us to sustain current services within the present model.

- <u>Tutorial (Brookline High School)</u>. The Brookline High School Tutorial Program allows teachers in certain academic departments to substitute small group support for their fifth class teaching assignment, while providing approximately 220 students with academic assistance. We currently utilize 15.1 FTE in this program and budget \$992k per year. We recommend that the program undergo a comprehensive evaluation (initial data to be reported to the School Committee in January, 2013) in order to determine if this venture is meeting its stated goals and to examine the sustainability of the model in serving a growing high school population.
- <u>Brookline Education Foundation (BEF) Support</u>. In addition to their generous teacher and collaborative grants, the BEF supports system grants each year. Because of their efforts, we have been able to roll-out Responsive Classroom and Developmental Designs across the elementary schools. We have been able to be aggressive with our K-8 Literacy initiative, thanks to the BEF's support for training. In addition, the BEF supports professional development for the Leadership Team, including our Minority Student Achievement Network involvement.
- Ongoing Initiatives. Although no increases are proposed for a number of important initiatives, it is important to point out that funding levels are maintained for many ongoing efforts, including: (a) social competency and bullying prevention; (b) Virtual High School; (c) library management software; (d) Special Education Team Facilitators; (e) Kindergarten paraprofessionals; (f) Principal (school-based) budgets; (g) Brookline High School Tutorial and "4+1" initiatives; and (h) Today's Students, Tomorrow's Teachers (TSTT).
- <u>Classroom and Program Relocations</u>. The space challenges for FY2013 and beyond are daunting, given the projected continued accelerated growth in our elementary enrollment. These student numbers could necessitate continuing changes in our program projections at many of our elementary schools, depending on the overall rate of growth and where the concentration of incoming students falls. Moreover, our continued use of Brookline High School as a site for "non-secondary" classes and programs leads to a number of concerns. Specifically, given that our large student cohorts will begin to impact space availability at the high school during the 2015-2016 school year, we are committed to developing a plan to accommodate early education, adult and community education, and (possibly) other functions <u>outside</u> the high school building as soon as possible.

Efficiencies

Beyond this present town-wide effort to find means of reducing financial costs in a responsible fashion, it is important to note that the School Department has achieved over \$1.2m in efficiencies over the past seven (7) budget cycles, many in partnership with town officials. Each of these changes represents a modification in the way that the schools deliver services. They were not all easy or obvious. All have required the cooperation and ingenuity of our employees, some were enabled by improvements in technology and economies of scale, and some represent sacrifices in service to our clients – the people of the Town. The specific initiatives are as follows:

| Eliminate the System Courier Position (FY2012) BHS Guidance Counselor Restructuring (FY2012) | \$ \$ | 30k 55k |
|---|----------|------------|
| Special Education Clerical Consolidation (FY2011) | \$ | 47.5k |
| High School Clerical (FY2011) | \$ | 95k |
| • Consolidation of System-wide Technology Support (FY2010) | \$ | 44.7k |
| • Central Office Clerical Staff Consolidation (FY2010) | \$ | 48.8k |
| • Human Resources Office Reorganization (FY2010) | \$ | 19.8k |
| • Consolidation of METCO Counselor Positions (FY2010) | \$ | 66.4k |
| • High School Coordinator Position Consolidation (FY2010) | \$ | 87k |
| (Director of Guidance) | | |
| • Payroll Office Consolidation (FY2009) | \$ | 62.5k |
| • Library Assistant Consolidation (FY2008) | \$ | 18.2k |
| Modification of Advertising Strategies (FY2008) | \$ | 25k |
| • Teaching & Learning Clerical Consolidation (FY2008) | \$ | 55.3k |
| • Transportation/Custodial Clerical Consolidation (FY2008) | \$ | 47.3k |
| • Eliminate One (1) School Bus (FY2008) | \$ | 53.1k |
| • Eliminate One (1) Bus Monitor Position (FY2008) | \$ | 17.3k |
| • Eliminate Practice of Hiring Retirees (FY2008) | \$ | 101k |
| • Eliminate Permanent Building Substitute Positions (FY2008) | \$ | 58.4k |
| • Replace Three (3) Custodial Positions w/Contract Services (FY2008) | \$ | 21.9k |
| • Eliminate One (1) School Bus (FY2007) | \$ | 52.2k |
| • Eliminate One (1) Bus Monitor Position (FY2007) | \$ | 16.5k |
| • Replace Four (4) Custodial Positions w/Contract Service (FY2007) | \$ | 27.2k |
| Coordinator Position(s) Consolidation (FY2007) | \$ | 81.8k |

| (Educational Technology and Library) | | |
|---|-------|--------|
| • Reduce Technical Support Staff (FY2007) | \$ | 117.6k |
| (Applications Manager and Webmaster) | | |
| | | |
| Eliminate One (1) School Bus (FY2005) | \$ | 52.6k |
| • Eliminate One (1) Bus Monitor Position (FY2005) | 5) \$ | 15.2k |

In addition, the School Committee and Administration actively participated in the Town-wide Efficiency Review undertaken on the initiative of the Selectmen.

Conclusion

The final FY2013 spending proposal for The Public Schools of Brookline continues to represent a balance between the progressive educational agenda in our Strategic Plan and the current economic realities. For example, the proposal continues our commitment to spend dollars on teaching positions in order to deal with class size concerns and/or enhance programs, with a concentration on persistent enhancement of the experience that Brookline students receive in the public schools. Moreover, we continue our commitment to Teaching and Learning, the "research and development" division of our business, by funding program review and data management/analysis, as well as by continuing efforts to provide a robust wireless infrastructure in each building. Lastly, this plan demonstrates our commitment to improving student support services and special education, principally through the implementation of an in-house home based BCBA service model, the expansion of our continuum of services for students in PK-12, and improving the fiscal analysis of expenditures in an effort to guarantee that we are providing the best service at fair costs.

More importantly, I believe that this proposal achieves the appropriate balance necessary for furthering the mission of our school system and respecting our commitment to the Town of Brookline. We look forward to the opportunity to provide elected officials, appointed representatives, and the community with further justification for these essential proposals over the coming months.

Superintendent's FY2013 Budget Message Addendum #1

The Public Schools of Brookline Superintendent's FY2013 Budget Message

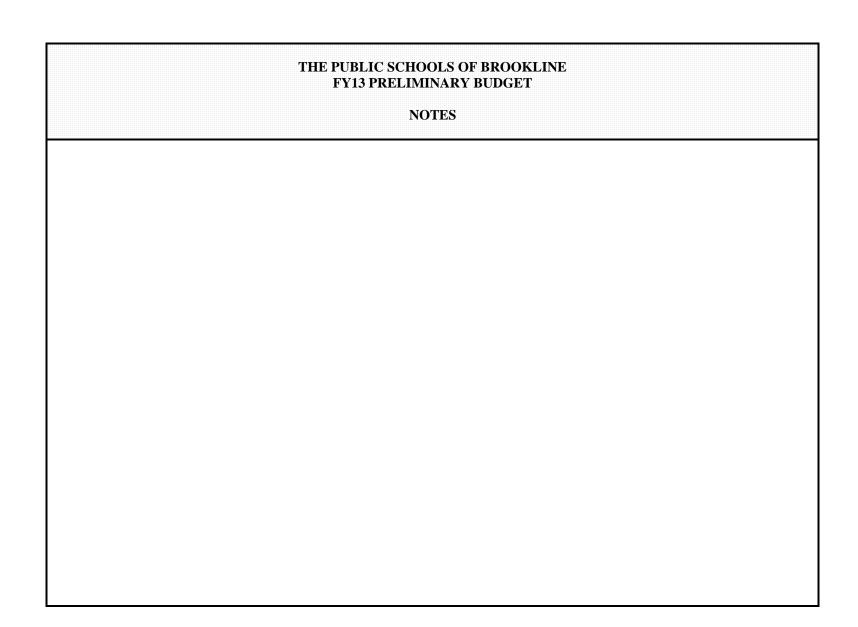

Addendum #1

The finalization of Brookline health insurance rates for FY2013 (based upon Group Insurance Commission rate decisions) has resulted in a total cost reduction from the preliminary town and school budget plan of \$851k. Based on the Town/School Partnership division, we will receive an increase to the school department appropriation of \$454k.

Our recommended plan is to utilize \$400k of this funding to reduce the original \$750k allocation from reserves to \$350k for FY2013. This will allow us, as we move forward, to closely monitor potential growth in enrollments, especially at the Kindergarten level, to ensure that we are better able to meet budget pressures and building/space capacity issues with available resources. In addition, we would recommend that an additional \$54k be allocated for innovation; specifically, the Landmark Partnership program.

It is important to note that the Town is experiencing a minimal increase of 2% to the total cost of health insurance from rising rates with a more significant increase resulting from moving the Town share from 80% to 83%, resulting in a cost shift from employees to the Town. We are very pleased that this change, when combined with the small increases in rates, will result in a decrease in premiums for most of our employees in FY2013.

As in years past, we look forward to continuing to provide elected officials, appointed representatives, and the community with additional information and recommendations concerning the FY2013 spending plan as it becomes available.

General Fund Detail

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

ADMINISTRATION

CODE: 31050

ORGANIZATION DESCRIPTION

Administration encompasses the Office of the Superintendent, the Assistant Superintendent for Human Resources, the Deputy Superintendent for Administration & Finance, and all support staff within those offices. The Office of the Superintendent oversees all aspects of the Public Schools of Brookline including curriculum, budget, and personnel. The Office of Human Resources is responsible for recruitment, hiring and supervision of staff. The Office of Administration & Finance is responsible for budgeting, purchasing, payroll, building services, information services, food services, accounts payable for the school department and intergovernmental relations.

FY13 OBJECTIVES

- 1. Implement the long-term Strategic Plan for the organization.
- 2. Expand coordination of recruitment and hiring practices consistent with diversity and licensing goals.
- 3. Implement system wide changes at schools consistent with program review and collective bargaining.
- 4. Continue to partner with the Town during the evaluation of a joint Human Resources Information System (HRIS).

ACCOMPLISHMENTS

- 1. Manage the process for coordinating Annual Goals with the Strategic Plan.
- 2. Coordinate with the Town Administrator for appropriate resource allocation to meet systemwide goals.
- 3. Plan for and manage personnel transitions.
- 4. Published the annual At School in Brookline performance report.

BUDGET STATEMENT

The FY13 budget is adjusted for contractual agreements.

SUPERVISION CODE: 31100

ORGANIZATION DESCRIPTION

The Offices of the Deputy Superintendent for Teaching and Learning and Assistant Superintendent for Student Services are budgeted to Supervision. Administrative staff and secretarial services at eight elementary schools and Brookline High School are included in this account.

The primary responsibilities of the Offices of Teaching and Learning include the coordination of curriculum, instruction and assessment preK-12, the Program Review process, professional development, grants, and data analyses of state and local assessments.

FY13 OBJECTIVES

- 1. Begin Round 2 of Program Review for Mathematics, ECS and Educational Technology.
- 2. Complete Phase II of the Career and Technical Education Program Review.
- Continue the full implementation of Phase III action plans in Visual Arts, Science, Social Studies, Health and Physical Education, ELA, English Language Learner Program and Special Education.
- 4. Implement actions originating from the Out-of-School Time Program Review study.
- 5. Continue the creation of common assessments to demonstrate student learning.
- 6. Continue the process of upgrading conference forms.
- 7. Implement the Olweus Bullying Prevention Program as part of the district's Social Emotional Learning and Bullying Prevention Plan.

ACCOMPLISHMENTS

- 1. Completed Program Review Phase I for Career and Technical Education.
- Advanced the implementation of Program Review Phase III action plans in Mathematics, Educational Technology, Visual Arts, ECS Program, Science, Health and Physical Education, Social Studies, and English Language Arts, ELL and Special Education.
- 3. Advanced the development of the assessment system with high quality common Brookline assessments.
- 4. Continued to support the Child Study Team process to better support students' learning in the regular education classrooms.
- Advanced the development of curriculum and instructional practices in K-6 Elementary World Language.
 Advanced the use of data to inform classroom practice and system-level decisions.

BUDGET STATEMENT

The FY13 budget is adjusted to reflect the inclusion of a .4 FTE Vice Principal previously funded by the Runkle School Project and Special Program Materials by \$43K.

TRANSPORTATION CODE: 31300

ORGANIZATION DESCRIPTION

To provide safe and appropriate transportation to all K-8 public school students who reside 2 miles or more in walking distance from their regular assigned school as approved by the School Committee or required by the State Department of Education. Students who live less than 2 miles from their regular assigned school may be provided transportation for safety reasons and for English language learners, who live outside the school district where their program is located. Students with special needs, who live less than 2 miles from their district school when appropriate, may be offered transportation. Students with special needs who attend school outside their school district, students who attend placements outside the Town of Brookline, and homeless children living in transitional housing who have declared Brookline as their home school, are all provided transportation to and from their school.

Runkle School students will continue to receive transportation to the Old Lincoln School for the second year.

FY13 OBJECTIVES

- 1. Maintain safe, on-time arrivals for all buses and vans for regular/special education transportation, athletic trips, specialty trips and late runs.
- 2. Work with transportation vendors and Brookline safety officials to ensure we have highly skilled, appropriate drivers and bus monitors.
- 3. Continue to manage Special Education related transportation and develop efficiencies within current system and with external partners.

ACCOMPLISHMENTS

- 1. Continued to contain the costs of transportation while providing safe and on-time transportation.
- 2. Based on the Brookline student transportation policy, continued to improve discipline and safety on all buses and vans.
- 3. Improved process for mandatory bus evacuation drills K 8th grade.
- 4. At no additional cost to the school department, continued redesign of bus routes to accommodate demographic changes in student population and school assignments
- 5. Continue collaborative working relationships with transportation vendors.

BUDGET STATEMENT

The FY13 budget reflects \$50K for transportation contracted services. Regular Transportation will rise 1.7% in FY13.

STUDENT BODY ACTIVITIES CODE: 31350

ORGANIZATION DESCRIPTION

Student Body Activities funds advisors for many of the clubs and activities at Brookline High School. These co-curricular activities enrich the lives of the student body, provide important opportunities and time for students with similar interests to meet, and the opportunity to build relationships with peers and adults in the school community.

FY13 OBJECTIVES

- 1. Continue to monitor the present offerings so that they reflect current student needs and interests and contribute to students goals for Time and Learning.
- 2. Expand Academic Support at Brookline High School.
- 3. Review the process to establish clubs at Brookline High.
- 4. Examine the current governance structure at Brookline High with particular focus on the efficacy of the Student Council.

ACCOMPLISHMENTS

Continued to operate more than 50 clubs and student activities, with ongoing significant participation in these programs.

EDUCATION TECHNOLOGY AND INFORMATION SCIENCE CODE: 31600

ORGANIZATION DESCRIPTION

The Education Technology and Information Science Department administers the library and educational technology program as an integral part of the instructional and administrative program, supporting the curriculum and staff with appropriate equipment, materials and services.

FY13 OBJECTIVES

- 1. Add 3 elementary schools to the Cisco enterprise wireless design
- 2. Adopt a Learning Management System for BHS
- 3. Maintain annual subscription to World Book Online for all schools
- 4. Collaborate with ELA to catalog literacy book rooms

ACCOMPLISHMENTS

- 1. Updated inventory of all computers and peripherals at BHS
- 2. Developed enterprise wireless design for schools
- 3. Continue Phase III of Educational Technology Program Review (implementation).
- 4. Imbed technology and information literacy learning expectations into Brookline Common LEs

BUDGET STATEMENT

The FY13 budget is increased to reflect funding for expansion of wireless capacity at three (3) elementary schools, LMS acquisition and replacement/upgrade expansion.

ATHLETICS CODE: 31720

ORGANIZATION DESCRIPTION

The Athletic Department is responsible for the organization and administration of the high school interscholastic athletic program, the middle school level interscholastic program, and the elementary after-school sports/intramural programs.

FY13 OBJECTIVES

- 1. Expand the middle school athletic program with the fuller implementation of wrestling and development of ice hockey and field hockey skills program.
- 2. Work with all town agencies to promote upgrade and addition of athletic facilities and Sports Medicine Center/Athletic Trainer's Room.
- 3. Improve communication by expanding and upgrading Athletics' web page.
- 4. Expand Sports Medicine and ImPACT Concussion Management Programs in compliance with new state concussion regulations.

ACCOMPLISHMENTS

- Continued expansion of ImPACT Concussion Management Program first in Massachusetts High Schools - in compliance with new state concussion regulations.
- Continued implementation of the computerized management system for verification and control of athlete permission forms, medical clearances and activity fees, as well as scheduling of officials and transportation.
- 3. Completed fourth year of new Athletic Trainer/Sports Medicine contract with Brigham and Women's Hospital.
- 4. Combined Town-hosted Joomla platform with existing Schedule Star software program to re-establish the Athletics' web page.

BUDGET STATEMENT

The FY13 budget is adjusted for Collective Bargaining Agreements.

MEDICAL SERVICES CODE: 31770

ORGANIZATION DESCRIPTION

The mission of School Health Services is to maximize opportunities for learning by promoting health and wellness for all students PK-12. School Health Services takes a leadership role in assessing risks and fostering resilience by offering medical intervention and supportive care. The nursing staff promotes learning by collaborating with other disciplines, programs and agencies to integrate and improve services, develop policies, and provide education to staff to ensure safe care.

ACCOMPLISHMENTS

- Participate in the school's crisis management and lead the building based medical response teams.
- 2. Provide training for Emergency Medical Teams in areas related to emergency response i.e. First Aid, CPR/AED. PD day offering. The nurses develop emergency plans and attend trainings in emergency preparedness.
- 3. Active in consulting with concerns related to special education, health education, wellness, substance abuse and violence prevention and other behavioral health issues.
- 4. Screen, refer and provide statistics on state mandated programs i.e. hearing, vision, scoliosis, height/weight/BMI measurement and immunization review.
- 5. Maintain electronic records and special health care need lists. Nurses create individual health care a plan for students with medical needs and educate staff regarding students' individual health needs to provide a safe and healthful learning environment.

BUDGET STATEMENT

The FY13 budget is adjusted with a .2 FTE nurse increase at Devotion School and a .2 FTE clerical increase for the Devotion School.

FY13 OBJECTIVES

- 1. Continuation of coordinated cardiopulmonary resuscitation (CPR) / Automated External Defibrillators (AED) and emergency preparedness training in all schools.
- 2. Examine and update Policy and School Health procedural guidelines.
- 3. Review and update crisis response procedures in collaboration with stakeholders.
- 4. Support staffing demands that ensure quality and continuity of care for students with special medical needs.

INFORMATION TECHNOLOGY SERVICES CODE: 31780

ORGANIZATION DESCRIPTION

The Information Technology Services department supports the school departments data management needs including the: Student Data Management, Food Service, Medical, Special Education and Library systems. Support areas include registration, attendance, report cards, scheduling, district reporting, individual student education plans, and other ancillary activities under the www.brookline.k12.ma.us domain.

FY13 OBJECTIVES

- 1. Continue to meet Department of Elementary and Secondary Education (DESE) Student Information Management System (SIMS) requirements.
- 2. Continue to support Student Data Management System through ongoing training and report development.
- 3. In conjunction with the Town / School Information Technology Department, continue to support e-mail and district-wide applications.
- 4. Implement parent portal access to X2 at the high school.

ACCOMPLISHMENTS

- 1. Implemented Energy Saving Software on all desktop computers.
- 2. Migrated special education management from eSped to X2.
- 3. Implemented electronic attendance taking in all PK-8 classrooms.

GUIDANCE CODE: 31790

ORGANIZATION DESCRIPTION

The Elementary guidance services are available to all students and focus on all areas of school adjustment. In addition, guidance counselors work closely with the Special Education teams as members of school staff who conduct the identification process and the development of service delivery plans. Guidance staff serve as a crucial link to parents in all aspects of development and school function.

The Brookline High School Guidance department is divided into two teams, one serving Grades 9 and 11, and one serving Grades 10 and 12. Guidance counselors are responsible for personal counseling, crisis management, scheduling, college and/or career planning. They are a part of a team of Pupil Support Services Staff that includes school social workers and psychologists.

FY13 OBJECTIVES

- 1. Retain qualified staff to serve our population.
- 2. Develop Child Find efforts through kindergarten screening process.
- 3. Maintain and seek agency collaboration for families.
- 4. Promote professional development for continued work in developing social thinking and behavioral supports within our schools.
- 5. Collaborate to ensure safe and productive transitions between schools and beyond.

ACCOMPLISHMENTS

- 1. Recruited and trained new guidance staff.
- 2. Continued to collaborate and support children and families, particularly in transitional years, working to help students be successful.
- 3. Developed an effective Child Study Team model, through training, participation, data collection and analysis.
- Utilized interventions and supports implemented through the Child Study Teams to support a systematic and data driven response to intervention model in the district.
- 5. Worked collaboratively with special education team facilitators to understand and implement all special education laws and regulations.

BUDGET STATEMENT

The FY13 budget reflects an increase of .2 FTE at the elementary level.

SCHOOL-WITHIN-A-SCHOOL CODE: 32200

ORGANIZATION DESCRIPTION

School-Within-A-School (SWS) is a democratic program at Brookline High School for 10th, 11th, and 12th graders. Approximately one hundred and twenty students and eight staff share decision-making. Students take English, Math, Social Studies, and Chemistry courses within the program, which functions as a separate administrative unit within the High School.

FY13 OBJECTIVES

- 1. Evaluate past practices to assess efficacy.
- 2. Explore adding additional classes to the SWS course roster.
- 3. Determine needs for continued success in the areas of staffing and programming.
- 4. Increase use of technology to maximize educational opportunities.

ACCOMPLISHMENTS

- 1. Ongoing emphasis on political and social action, community responsibility, and academic rigor.
- 2. Continued involvement of students in democratic decision making, including change of leadership.
- 3. Upgrading equipment and supplies for increased use of technology in classes and throughout SWS.
- 4. Explore the possibility of expansion of the program by gradually admitting more students each year.

BUDGET STATEMENT

The FY13 budget is level funded.

WORLD LANGUAGE CODE: 32250

ORGANIZATION DESCRIPTION

The World Language Department is responsible for coordinating the planning, implementation, management, articulation and evaluation of the Grades K through 12 language program. This includes curriculum development, staff development, materials purchase, integration with other discipline areas, when possible and the dissemination of critical and current information regarding the teaching and learning of world languages.

FY13 OBJECTIVES

- 1. Continue to clarify proficiency targets for K-12 students.
- 2. Develop district-wide K-6 World Language Learning Expectations.
- 3. External assessment World Language program in Grade 8.
- 4. Adjust 6th Grade curriculum to reflect 3 X 45 minute class schedule.
- 5. Continue to expand our use of digital and internet-based technology in the classroom and in the digital lab.

ACCOMPLISHMENTS

- 1. Developed district-wide K-6 World Language Learning Expectations for 2011-2012.
- 2. Refined Chinese VI one-semester course at BHS.
- 3. Established proficiency descriptors and benchmarks for World Language courses Grades K-12.
- 4. Continued to communicate K-12 World Language Learning Expectations to Brookline Community.
- 5. Expanded our use of digital and internet-based technology in the classroom and in the digital lab.
- 6. Studied effects of expanded WL program on students' proficiency.

BUDGET STATEMENT

The FY13 budget reflects staff increases at the Elementary level of 1.3 FTE to address enrollment increases and changes in the 6th Grade schedule.

ENGLISH LANGUAGE LEARNERS CODE: 32270

ORGANIZATION DESCRIPTION

The English Language Learners (ELL) program provides services to students whose primary language is not English and who are not yet proficient in English. The program provides support at each school, with services focused on students' English language acquisition, literacy development, social integration, and academic achievement.

FY13 OBJECTIVES

- 1. Facilitate transition to WIDA consortium including implementation of new placement and standardized assessments.
- 2. Enhance and align content support materials with new English language proficiency standards.
- 3. Increase teacher access to ELL program and student data by using the DESE's District Analysis and Review Tools (DART).
- 4. Begin to explore summer programming opportunities for ELL students.

ACCOMPLISHMENTS

- 1. Developed and extended sheltered English curriculum and content support materials for grades 3-12.
- 2. Continued professional development, particularly training opportunities in Sheltered English Immersion, for all staff related to teaching ELLs.
- 3. Opened an ELL Homework Center for students in grades 4-5 in one of our elementary schools to support learning across disciplines.
- 4. Increased networking opportunities for ELL families across the district.
- 5. Began the development of writing rubrics for secondary students across proficiency levels.

BUDGET STATEMENT

The FY13 budget is adjusted for Collective Bargaining Agreements.

VISUAL ARTS CODE: 32400

ORGANIZATION DESCRIPTION

The Visual Arts program is a K-12 curriculum that provides students repeated opportunities to develop observational skills, decision-making skills and recognize art as a language to communicate ideas and information. The Visual Arts program has a K-12 continuum of key understandings, concepts and processes.

FY13 OBJECTIVES

- 1. Develop grade level collaborative unit standards in the visual arts.
- 2. Create more interdisciplinary units in the K-8 curriculum.
- 3. Use the evidence of common grade level assessments to craft instruction.
- 4. Update equipment for each school as needed.
- 5. Continue to upgrade the dated tools and materials in the Visual Arts elementary program to meet the needs of the current, diverse population of students.

ACCOMPLISHMENTS

- 1. Implemented curriculum design work to create units on eco-art and environmental art.
- 2. Implemented the new documentary filmmaking classes at BHS.
- 3. Revised a self reflection grading sheet for grades six through eight visual arts students.

BUDGET STATEMENT

The FY13 budget reflects a 0.1 FTE K-8 Elementary increase.

ENGLISH/LANGUAGE ARTS CODE: 32500

ORGANIZATION DESCRIPTION

The program serves to develop, assess, and support instructional practices for effective learning in reading, writing, and speaking. Professional development is provided based on student and teacher needs, and program initiatives across the system. The K-8 Language Arts program emphasizes explicit instruction in strategies that promote successful reading and writing across the curriculum. Literacy Specialists in each elementary school provide instruction to students and support to classroom teachers. The BHS English Department serves all BHS students. Full year courses are offered at two levels of difficulty in all grades; seniors may also choose unleveled courses.

FY13 OBJECTIVES

- 1. Continue to implement Phase III of Program Review.
- 2. Adoption of revised K-8 Learning Expectations, based on the Continuum for Literacy Learning PreK-8.
- 3. Implement the Benchmark Assessment System as the K-8 reading assessment instrument, with training for classroom teachers, Literacy Specialists, Special Educators, and ECS and ELL teachers.
- 4. Begin implementation of the bookroom renewal project in all buildings K-8.
- 5. Begin implementation of Leveled Literacy Intervention as part of the Response to Intervention (RtI) strategy in grades K-3, along with Reading Recovery in one building.
- Begin systematic of integration of ELA curriculum with science, social studies, and math curriculum.
- 7. Re-evaluate the diversity and appropriateness of book titles in our 9-12 bookroom; in particular, revise our core book lists in grades 9-11.

ACCOMPLISHMENTS

- Advanced Program Review by creating an overall framework for comprehensive ELA instruction, K-8, including:
- a. Using the Continuum for Literacy Learning PreK-8 as an overarching framework for K-8 Learning Expectations.
- b. A new reading assessment system, BAS, for grades K-8.
- c. A model for RtI, Leveled Literacy Intervention (LLI) and Reading Recovery.
- d. A plan for the bookroom renewal project in all K-8 buildings.
- Trained two Literacy Coaches at Pierce and Runkle through our collaboration with the Literacy Collaborative.
- 3. Expanded the diversity of titles in the 9-12 bookroom and replaced worn copies of books.
- Began Standard Level Curriculum Revision in summer 2011 and continued into school year, including the Professional Development Day.

BUDGET STATEMENT

The FY13 budget reflects a .2 FTE increase at the elementary level.

MATHEMATICS CODE: 32600

ORGANIZATION DESCRIPTION

The Mathematics Department is responsible for all aspects of the mathematics program in grades K-12. The department oversees the teaching and learning of mathematics, Program Review and implementation, curriculum, assessments, and professional development. The goal of our mathematics program is to meet the needs of all learners so that they become critical problem solvers and reflective thinkers in a diverse evolving global and technological society. The mathematics program is grounded in the National Council of Teachers of Mathematics (NCTM) Standards: Number and Operations; Measurement, Geometry, Algebra, Data Analysis and Probability and the NCTM Principles: Equity, Assessment, Curriculum, Learning, Teaching and Technology.

FY13 OBJECTIVES

Mathematics.

- 2. Implement supplementary resources in grades 3-5 to better support the range of learners
- 3. Create Math Challenge Option materials and resources in grade 6.
- 4. Determine common K-5 strategies and resources for responding to intervention (RtI).
- Continue to collaborate with Special Education, English Language Learner, and Enrichment, Challenge and Support Program faculty and staff to better meet the needs of the broad range of learners
- 6. Write and implement the curriculum for the newly created senior math elective.
- 7. Continue to evaluate the success of the current co-teaching model created in collaboration with the Special Education department.
- 8. Continue to support students in the Calculus Project as the first cohort enters their junior year.

ACCOMPLISHMENTS

- 1. Aligned the Think Math! and Impact Mathematics programs with the 2011 Massachusetts Curriculum Frameworks for Mathematics.
- Continued collaboration with Special Education, English Language Learner, and Enrichment, Challenge and Support Program faculty and staff to better meet the needs of the broad range of learners
- 3. Enhanced implementation of Math Challenge Option in grades 7/8.
- 4. Identify supplementary resources for grades 3-5 for better support the range of learners.
- 5. Explored the Standards of Mathematical Practice with written in the 2011 Massachusetts Curriculum Frameworks for Mathematics, in grades K-12.
- 6. Supported students in the African American Scholars Calculus Project. The first cohort of students were grouped together in one Algebra 2 Trig. Honor or one Algebra 2 Trig. section. The second cohort of students were grouped together in one Honors Geometry section.
- Developed a senior math elective that was proposed to the 21st Century Fund.

BUDGET STATEMENT

The FY13 budget includes a 1.0 FTE Math Specialist reduction at the elementary level and the addition of .2 FTE instructor at BHS working with subject accelerated elementary students in mathematics.

| CLASS OF | FY12 | FY13 |

PERFORMING ARTS CODE: 32650

ORGANIZATION DESCRIPTION

The Performing Arts Department is comprised of three allied arts: Dance, Drama and Music. Each K-8 school has music instruction for all students in Grades 1-8. Elective band, orchestra and choral ensembles begin in grade 5. The Performing Arts Department at Brookline High School has courses in Dance, Drama, Choral and Instrumental Music.

FY13 OBJECTIVES

- 1. Engage in Phase III of Program Review, continued implementation of Program Review action plan.
- Continue to revise schedules and curriculum offerings to increase consistency across K-8 schools:
- combining 6,7 and 8th grade conservatory periods at all 8 schools
- addition of a Music Production option for 7th/8th grade students at all schools.
- 3. Begin to implement new Learning Expectations.
- 4. 9-12 teachers implement common assessments in all disciplines
- Continue to work with high school administration to insure all students are fully scheduled with electives.
- 6. Build connections with K-8 Performing Arts teachers.

ACCOMPLISHMENTS

- Music Learning Expectations for grades K-8 (final draft), and created LEs for Music History, Styles, and Cultures.
- 2. Refined and improved end-of-the-year assessments in music, K-8; 9-12 teachers began work on common assessments for each discipline.
- 3. Improved consistency of K-8 program across schools at grades 7/8; introduced Music Production course to students in grades 7 & 8 at 5 schools; Implemented 7/8 chorus, band and orchestra rehearsals during the school day schedule at 7 schools.
- 4. Provided financial assistance for transportation to bring all eighth grade students to the High School for student presentations on PA course offerings and to assist with the transition to the BHS.
- 5. Continued to develop and revise K-8 Performing Arts Website.

BUDGET STATEMENT

The FY13 budget reflects a 0.7 FTE increase in Elementary Music.

PHYSICAL EDUCATION CODE: 32700

ORGANIZATION DESCRIPTION

The Physical Education Department provides students with curricula in Physical Education for grades K-8 and in Health and Fitness for grades 9-12. Thirteen full-time PE/HF teachers, six full-time teachers who split between PE and another subject, and five part-time teachers provide instruction to students in grades K-12. From elementary through high school, students are presented with activities appropriate to their level of maturity and development. Students follow the developmental sequence from body management competence to fundamental skills to specialized skills, while simultaneously addressing physical fitness and social skills. At grade 9, students integrate health education and physical education, learning the skills necessary to reduce risk behaviors and make healthy lifestyle choices.

FY13 OBJECTIVES

- 1. Continue to engage in Phase III/IV of Program Review (add Gr. 6 and 10 Health).
- 2. Explore connecting current assessment to X2.
- 3. Continue to expand use of technology.
- 4. Assess/replace equipment and materials needs for:
- a. Elementary Physical Education (K-8)
- b. Health and Fitness (9-12)
- c. Intramural programs (9-12)
- d. Extramural programs (7-8)

ACCOMPLISHMENTS

- 1. Continued to engage in Phase III/IV of Program Review.
- 2. Continued to implement computerized progress reports for grades K-5.
- 3. Implemented district-wide fitness assessment (FitnessGram Grades 5-8).
- 4. Train teachers to use the Tactical Games Approach to teaching sports (focus Gr. 3-5).
- 5. Purchased Brain Bike, Manual Treadmill, Polar Active watches (for K-8) and Spin Bikes (9-12).

BUDGET STATEMENT

The FY13 budget reflects a .6 FTE increase at the Elementary level.

ORGANIZATION DESCRIPTION

Provision of Special Education services to students with disabilities ages 3-22 in compliance with state and federal mandates.

FY13 OBJECTIVES

- 1. Continue to develop programs appropriately for all students with identified disabilities in the district.
- 2. Utilize analysis of current and projection data to effectively prepare for students entering early childhood, elementary and high school programs.
- 3. Utilize professional development and in district expert opportunities to train all staff in improving inclusive opportunities for students.
- 4. Continue collaboration with curriculum coordinators and building-based administrators to implement Brookline Learning Expectations and provide access to curriculum for all learners.
- 5. Utilize data management system to refine district and building level oversight of compliance with special education regulatory procedures and timelines.

ACCOMPLISHMENTS

- Continued to program appropriately for students with identified disabilities within the district, with specific program development in district-wide and intensive learning programs.
- Analysis and refinement of special education services across the range of grades and programs in Brookline to improve efficacy of interventions and expansion of necessary services.
- Conducted professional development and expert consultation to train both regular and special education staff to facilitate in greater inclusion for all students.
- Completion of response to the Department of Elementary and Secondary Education following the midcycle review in spring 2011.
- 5. Refined established building-based and district level oversight of compliance with special education regulatory procedures and timelines and provided ongoing training of compliance procedures to all staff.
 6. Increased neighborhood school based program options to provide students with greater opportunities for services within the least restrictive environment.

BUDGET STATEMENT

The FY13 budget reflects and increase of 4.7 Learning Center and Intensive Learning Center instructors, 4.0 FTE BCBA's, a 1.0 FTE BHS teacher, a 1.1 FTE Speech and Language instructor, a .2 FTE Occupational Therapist, a 1.0 FTE Budget Analyst, and a .5 FTE elementary clerical increase. Additionally, Contracted Services are adjusted for the restructuring of Home Based Services.

LITERACY SPECIALISTS CODE: 32770

ORGANIZATION DESCRIPTION

The Literacy Specialists provide literacy intervention services for students who struggle in learning to read and write. Based on literacy assessments, instruction is provided in both a pull-out and push-in class model, depending on the needs of the students. Specialists also consult with classroom teachers on literacy instruction and assessment in their classrooms.

FY13 OBJECTIVES

- 1. Lead school-based professional development in coordination with the ELA framework as outlined in the Continuum for Literacy Learning PreK-8.
- 2. Co-lead the bookroom renewal project with school librarians.
- 3. Continue as school-based leaders for student referrals, assessments, literacy materials, and new reading and writing instructional resources.

ACCOMPLISHMENTS

- 1. Initiated district-wide intervention program in grades K-2: Leveled Literacy Intervention (LLI).
- 2. Initiated Reading Recovery for Grade 1 at Devotion School.
- 3. Participated as co-facilitators in the training of all classroom teachers K-5, Special Educators, ECS and ELL teachers K-8, and ELA teachers 6-8 for the Benchmark Assessment System, Brookline's new reading assessment.
- 4. Participated on the Literacy Team in all eight schools.
- 5. Implemented an improved student recruitment process using BAS for the summer reading programs.
- 6. Two literacy specialists trained as Literacy Coaches through our affiliation with the Literacy Collaborative.

HEALTH EDUCATION CODE: 32780

ORGANIZATION DESCRIPTION

The K-12 Health Education department is responsible for coordinating the student learning, planning, implementation, management and evaluation of the K-12 health program including: curriculum development and coordination, professional development, purchasing materials, and integration with other disciplines. Students learn information and skills that will equip them to make healthy decisions throughout life.

FY13 OBJECTIVES

- 1. Continue to engage in Phase III/IV of Program Review.
- 2. Continue to coordinate curriculum for grades 6-9 Health Education across system.
- 3. Further develop lessons/resources directly related to new Health Learning Expectations for Grades 6-8.
- 4. Finalize Health Learning Expectations grades K-5 and gain approval for Gr. 9-10.
- 5. Teacher training grades 7-9.

ACCOMPLISHMENTS

- 1. Engaged in Phase III/IV of Program Review.
- 2. Revised Common Grade Level Assessment (Gr. 9) based on Spark by John J. Ratey, MD.
- 3. Piloted Common Grade Level Assessment (Gr.8).
- 4. Brought HIV+ speakers to grade 9 classes and Winthrop House.
- 5. Implemented Second Step Curriculum Gr. 7/8.

BUDGET STATEMENT

The FY13 staffing is increased by a .1 FTE at the elementary level.

SCIENCE CODE: 32850

ORGANIZATION DESCRIPTION

The preK-8 Science Department is responsible for coordinating the student learning, planning, implementation, management and evaluation of the preK-8 science program. This includes: curriculum development, professional development, purchasing and distributing materials, and integrating Science with other disciplines.

The High School Science Department serves all students by presenting a well-rounded, sequential and content-rich program in a stimulating and challenging manner. Each course is designed to have students learn about the physical world in which they live. Skills involving observation, critical thinking, effective verbal and written communication, manipulation of equipment, and applying technology are woven.

FY13 OBJECTIVES

- 1. Continue to implement Phase II Program Review Action Plan.
- 2. Continue to revise the preK-8 Science curriculum to match the revised Content Learning Expectations.
- 3. Continue to investigate ways to integrate preK-8 Science with other curriculum areas.
- 4. Continue to develop common grade-level assessments (K-12).
- 5. Continue professional development on the integration of the Physics-Chemistry-Biology sequence (grades 7-12).
- 6. Compare the Common Core State Standards with working curriculum.

ACCOMPLISHMENTS

- 1. Continued to implement Phase II Program Review Action Plan.
- 2. Finished revising preK-8 Science and Engineering Content Learning Expectations.
- 3. Continued implementing the use of science notebooks and inquiry preK-8.
- 4. Continued to investigate ways to integrate preK-8 Science with other curriculum areas.
- 5. Continued to integrate Engineering into the preK-8 Science curriculum.
- 6. Continued to work on curriculum articulation, development and revision (9-12).
- 7. Taught 3 new 12th grade semester courses at the Standard and Honor level.
- 8. Performed item analysis of Science MCAS exam results to inform instruction.
- 9. Implemented supports for retaking the BHS Science MCAS exam.

BUDGET STATEMENT

The FY13 budget is adjusted for Collective Bargaining Agreements.

SOCIAL STUDIES CODE: 32900

ORGANIZATION DESCRIPTION

The K-8 Social Studies Department creates, supports, and supervises the implementation of curriculum, student learning, and professional development for Social Studies in grades K-8, particularly regarding new teachers.

The High School Social Studies Department teaches a curriculum of required and elective courses whose fundamental purpose is the preparation of young people to live in a democratic society and interdependent world.

ACCOMPLISHMENTS

- 1. Continued to implement Phase 3 of Program Review.
- Worked with English Language Learner teachers to develop a more accessible curriculum in K-8 Social Studies and in World/United States History at the High School.
- 3. Provided continued professional development for new staff in civics, geography, United States and World History, working with Primary Source, the United Nations Association of Greater Boston, Choices, National Endowment for the Humanities, the Gilder Lehrman Foundation, The Museum of Fine Arts, the Document-Based Questions Project, We the People, Fitchburg State University, Facing History and Ourselves, Teaching American History, EDCO, The Education Collaborative, The Examined Life, and Teachers as Scholars.
- 4. Developed strategies to make difficult primary and secondary texts more accessible to all students.
- Incorporated more technology into classroom teaching enabling teachers to access data and diversify strategies to accommodate all learning styles.
- 6. Created winter, spring and summer content institutes and release days for K-12 teachers
- 7. Continued providing professional development activities for teachers of US history through our Teaching American History grant for teachers of grades 9-12.
- Implemented common research writing expectations for each grade and level of required Social Studies in grades 7-12.

BUDGET STATEMENT

The FY13 budget reflects a 0.3 FTE increase to elementary staffing.

FY13 OBJECTIVES

- 1. Continue to implement Program Review action plan.
- 2. Continue to develop Social Studies units and common assessments at multiple grade levels.
- 3. Continue to develop district curriculum units with pilot teams of Kindergarten-8th grade teachers.
- 4. Provide continued professional development for staff civics, geography, United States and World History, working with Primary Source, the United Nations Association of Greater Boston, Choices, National Endowment for the Humanities, the Gilder Lehrman Foundation, The Museum of Fine Arts, the Document-Based Questions Project, We the People, Fitchburg State University, Facing History and Ourselves, Teaching American History, EDCO, The Education Collaborative, The Examined Life, and Teachers as Scholars.
- Pursue opportunities for additional professional development through Brookline Education Foundation grants.
- Continue to provide differentiated readings to support decoding of difficult primary and secondary texts to be more accessible to all students.
- 7. Continue to create winter, spring and summer content institutes and release days for K-12 teachers
- 8. Continue to introduce updated and age-appropriate textbooks.
- 9. Provision school bookrooms with multiple level Social Studies-oriented informational texts.
- Introduce explicit literacy instruction in 7/8 Social Studies and in standard-level courses at the High School.

CAREER & TECHNOLOGY EDUCATION CODE: 32920

ORGANIZATION DESCRIPTION

The Career and Technology Education Department offers a unique opportunity for all students to explore a variety of careers. In addition to providing valuable career and occupational information and experiences which will enhance a student's educational and employment decisions, the Career and Technology Education program prepares the student with transferable skills to be used in both personal and employment situations. Emphasis is placed on integrating technology, business and personal skill development throughout the program.

FY13 OBJECTIVES

- 1. Complete Phase II of Program Review and begin to implement action plan.
- 2. Review CTE course syllabi to explicitly align with MA standards.
- 3. Continue to integrate business curriculum into other CTE courses.
- 4. Continue to work with the Guidance Department to support the Naviance Guidance System and develop career plans for all students.
- 5. Continue to work (in collaboration with our career center) with community groups to encourage business support for school-to-work programs through the development of internships.

ACCOMPLISHMENTS

- The Career and Technology Education Department completed Phase I of Program Review, identifying areas of strength and areas for program improvement.
 Articulation agreements in Culinary Arts and Early Childhood with post-secondary level programs were established.
- A business curriculum component was integrated into some Woodworking, Culinary and Engineering courses.
- 3. New equipment upgrades were completed in Culinary and Woodworking to improve safety and provide students access to industry standard equipment.
- 4. New courses were added to the Engineering Technology career pathway: Creative Woodworking and Technical Drawing.

BUDGET STATEMENT

The FY13 budget is adjusted for Collective Bargaining Agreements.

* Occ. Ed., Home Economics and Industrial Arts were consolidated into this Program in FY98.

KINDERGARTEN CODE: 33150

ORGANIZATION DESCRIPTION

The Public Schools of Brookline provides a full day, tuition free kindergarten program to all of its students. Curriculum-rich classrooms support students as they explore materials, engage in discussions, develop social competency and expand their understanding of the world in which they live. Authentic experiences infused with opportunities for problem-solving support students in emerging literacy and mathematic knowledge. Teachers offer daily experiences that balance play, developmental goals, expressive art, motor, language and cognitive skills to ensure continued school success.

FY13 OBJECTIVES

- 1. Expand pilot kindergarten entry assessment to bring to all schools
- 2. Review current kindergarten Benchmark assessments to inform instruction
- 3. Expand Work Sampling to respond to the Common Core Competencies

ACCOMPLISHMENTS

- 1. Implemented Benchmark Assessment System as a part of the Literacy Collaborative
- 2. Expanded kindergarten classes to meet increased enrollments
- 3. Aligned kindergarten units of study in science

BUDGET STATEMENT

The FY13 budget is level funded, presuming 600 Kindergarten students and 29 sections and adjusted for Collective Bargaining Agreements.

ELEMENTARY CODE: 33200

ORGANIZATION DESCRIPTION

The Elementary organization encompasses the salaries for instructional staff (teachers and aides) at the elementary school level, salaries for Enrichment and Challenge Support Program Coordinator and staff and funding for professional development, instructional supplies and equipment for eight elementary schools.

FY13 OBJECTIVES

- 1. Recruit, hire, and retain staff to meet the diverse needs of the student population at all elementary schools.
- 2. Maintain levels of support for instructional supplies, equipment, and professional development.
- 3. Provide the professional development opportunities necessary to help all staff remain current in their fields.
- 4. Begin Round 2 of Program Review for the Enrichment and Challenge Support Program.

ACCOMPLISHMENTS

- 1. Continued to hire and retain teachers and aides to maintain reasonable class size averages at all elementary schools.
- 2. Continued to provide professional development to support ongoing needs of staff in technology, literacy, mathematics and assessment.

BUDGET STATEMENT

The FY13 budget includes an increase of 4.0 FTE Teachers for projected enrollment growth and a reduction of 8.44 FTE aide positions with Dual Certification Interns providing appropriate service through contracted services.

BHS PROGRAM SUPPORT CODE: 33300

ORGANIZATION DESCRIPTION

The Brookline High School (BHS) Program Support includes funding for the administration of the Opportunity for Change (OFC) Program, the community service program, and funds for the printing of the *Course Catalogue*, graduation ceremonies, main office general supplies and the lease of copying machines at BHS. These functions represent some of the fundamental operations of the high school.

FY13 OBJECTIVES

- 1. Continue to develop the Opportunity for Change Program, under strong leadership. Continue to monitor the new administrative structures for supervision of at-risk 9th grade students.
- 2. Absorb the cost of New England Association of Schools and Colleges (NEASC) Accreditation renewal for FY12.
- 3. Continue to provide students with a vehicle to achieve Time & Learning hours through the community service program.
- 4. Continue a school-wide emphasis on narrowing the achievement gap.

ACCOMPLISHMENTS

Brookline High School takes tremendous pride in its large Career and Technology Education Department, its renowned Performing and Visual Arts Departments, as well as three alternative programs that address the interests and needs of the student community: School-Within-A-School, Opportunity for Change, and Winthrop House. Brookline High School features the largest interscholastic athletics program in New England, with 71 teams in 40 different sports.

BUDGET STATEMENT

The FY13 budget reflects a decrease of 1.0 FTE teaching staff and an absorption of 1.45 FTE teachers in the African-American Scholars Program from the 21st Century Fund.

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

GENERAL INSTRUCTION CODE: 33400

ORGANIZATION DESCRIPTION

The General Instruction account encompasses funding of substitute teachers for Elementary Schools and the High School. Funding is also included for instructional supplies for both Elementary and High School levels. A contingency reserve and retirement reserve are also budgeted to this program. The Steps to Success Director and Program Advisor are funded in this account.

FY13 OBJECTIVES

- 1. Continue to monitor and refine the substitute teachers system for cost effectiveness and efficiency.
- 2. Monitor student enrollment increases closely to maintain reasonable class sizes by hiring teachers and/or aides where appropriate.
- 3. Continue to support the Steps to Success program.

ACCOMPLISHMENTS

- 1. Continue to maintain the Northeastern Intern program at each Elementary School.
- 2. Substitute teachers have been hired throughout the school year to fill needs due to sickness, leaves, and professional development.
- 3. Implemented a new Substitute personnel management tracking system.
- 4. Reengineered the Substitute Coordinator/Caller position into one management function.

BUDGET STATEMENT

The FY13 budget includes \$161K in general instruction contingencies.

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

BUILDING SERVICES CODE: 34250

ORGANIZATION DESCRIPTION

The Building Services Department provides custodial, operational, special events and maintenance support to all Public Schools in Brookline totaling more than 1.5 million square feet. This is accomplished with a focus on customer service, and driven by the core values of the Public Schools of Brookline.

FY13 OBJECTIVES

- 1. Continue to evaluate and utilize products that are environmentally preferable.
- 2. Continue to evaluate all custodial supplies and equipment with a focus on improving quality, and decreasing long term costs.
- 3. Continue to explore ways of reducing overtime expenditures.

ACCOMPLISHMENTS

- 1. Continue comprehensive training of all custodial staff.
- 2. Committed to a higher level of supervisory presence for the elementary schools.
- 3. Maintained schools and provided a high level of customer service.
- 4. Successfully supported over 4,000 school-based functions and special events.
- 5. Maintained the used of environmentally preferable "green" cleaning products.
- 6. Successfully managed contract cleaning at the Driscoll, Lawrence, Pierce, Lincoln, Devotion Elementaries and Brookline High School.

BUDGET STATEMENT

The FY13 budget includes a \$50K increase for additional services at the newly renovated and expanded Runkle and Heath Schools.

Special Funds Detail

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

TITLE I

ORGANIZATION DESCRIPTION

Title I grant funds are used to provide additional instructional support in language arts for identified students. Local yearly needs assessments have continued to indicate that the greatest need for instructional support services is in grades K-5. Title I funds support the salaries of literacy intervention specialists at Title I schools and parent involvement events that promote the home/school partnership. Through FY12, Title I provided funds for NCLB school choice and/or Supplementary Educational Services (SES) for students in schools that have been identified as in need of improvement by the DESE. Schools receiving Title I funds in FY13 are Devotion, Lincoln and Lawrence.

FY13 OBJECTIVES

- 1. Provide focused, small-group support to students identified as needing additional instruction in literacy in grades K-5 at Devotion, Lawrence and Lincoln.
- 2. Provide more literacy intervention instruction within the classroom setting.
- 3. Plan district wide and school-based parent involvement programs during the year.
- 4. Develop instructional programs/activities as directed by the requirements of the MA waiver to NCLB affecting Title I.

ACCOMPLISHMENTS

- Continue to provide focused, small-group support to students identified as needing additional instruction in literacy in grades K-5 at Devotion and Lincoln.
- 2. Provided support of an Inclusion specialist at Devotion and Lawrence.
- Provided parent outreach activities Title I schools.
- Surveyed parents, teachers, and administrators regarding the strengths and needs of the Title I program and analyzed results.
- Provided professional development in literacy to teachers at Title I schools.
- 6. Offered school choice to parents of students in Title I schools with a Year 2 Improvement status.
- 7. Provided Supplementary Educational Services (SES) to eligible students at the Lincoln and Devotion Schools.

BUDGET STATEMENT

The FY13 budget anticipates a \$120K reduction. This is based on the Census poverty index statistic that drives this number and has historically been within a fraction of a percentage point of allowing Brookline to either qualify for additional funding or have it reduced in the following year.

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

GRANTS ADMINISTRATION

ORGANIZATION DESCRIPTION

The Grants Office oversees the development and management of grant funded programs. This fund supports the operation of the Grants Office, including salaries and supplies.

FY13 OBJECTIVES

To continue to secure and manage grant funding which supports the mission and core values of the Public Schools of Brookline.

ACCOMPLISHMENTS

This year, the Grants Office has been successful in securing and managing external funds to support the mission of the Public Schools of Brookline. Over 25 federal, state and local Foundation grants, totaling more than \$7 million are currently supporting the work of the district.

BUDGET STATEMENT

Grants administration is supported through indirect cost collection from the other grants. The indirect rate has been negotiated at the state level and is currently fixed at 4.95%.

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

BROOKLINE EDUCATION FOUNDATION

ORGANIZATION DESCRIPTION

The Brookline Education Foundation works closely with the Public Schools of Brookline in a unique partnership, identifying needs and opportunities where its efforts can make a difference to teachers and children. Foundation monies are used to fund new approaches to professional development and system-wide improvements. This fund carries out the goals and objectives of the Brookline Education Foundation initiatives through their teacher, collaborative and system-wide grant programs.

FY13 OBJECTIVES

To carry out the goals and objectives of the Brookline Education Foundation through teacher, collaborative and system grants to the Public Schools of Brookline.

ACCOMPLISHMENTS

In FY12 the Brookline Education Foundation funded 12 teacher grants for professional development activities, 8 collaborative grants, and 10 system-wide grants, such as the Literacy Initiative grant and the Differentiation Support grant. A full listing is available at http://www.brooklinefoundation.org/

BUDGET STATEMENT

The FY13 budget is equal to the total amount of teacher, collaborative and system grants expected to be awarded by the Brookline Education Foundation in April 2012, and is expected to be level funded.

THE PUBLIC SCHOOLS OF BROOKLINE PROGRAM NARRATIVES

GRANTS MATCH

ORGANIZATION DESCRIPTION

The Grants Match fund contains a variety of small external grants and personal donations by Brookline citizens to the Public Schools of Brookline, maintained as separate program funds.

FY13 OBJECTIVES

Continue to carry out required objectives and goals of each program fund.

ACCOMPLISHMENTS

The funds were used to carry out the required objectives of each program fund.

BUDGET STATEMENT

The Grants Match budget is equal to the total of small program funds maintained through this grant.

OCCUPATIONAL EDUCATION

ORGANIZATION DESCRIPTION

The Perkins Career and Technical Education grant supports the vocational and technical education curriculum at Brookline High School with emphasis on those programs and partnerships which enroll the highest percentage of students who are members of special populations. These programs include culinary arts, environmental technology, medical careers/human development, business/finance, automotive technology, and construction technology.

FY13 OBJECTIVES

- 1. Review and plan improvements to the Career and Technology Education program and course offerings, through the Program Review Process.
- 2. Continue to integrate business curriculum into CTE courses.
- 3. Continue to provide professional development for CTE teachers.
- 4. Develop the collaboration between Career guidance staff and CTE staff to implement career assessments and plans for all students using Naviance.
- 5. Continue to bring industry-standard equipment into programs where needed.
- 6. Develop additional articulation agreements with postsecondary schools.

ACCOMPLISHMENTS

- 1. Continued compliance with and reporting for the DESE Perkins 5-year program plan.
- Supported the integration of business curriculum into Woodworking, Auto, and Culinary courses.
- 3. Continue to grow Career and Technology Education programs and course offerings, especially in the Early Childhood and Engineering pathways.
- 4. Upgraded equipment to meet safety and industry standards in Culinary and Woodworking.

TEACHERS AND ADMINISTRATORS TRAINING FUND (TATF)

ORGANIZATION DESCRIPTION

The Boston University School of Education and the Public Schools of Brookline participate in a collaborative arrangement for the purpose of advancing the pre-service and in-service training of educators. Brookline provides placements for Boston University student teachers and interns in exchange for an allocation of funds for use by Brookline teachers and administrators to help implement proposals for in-service education courses, classroom equipment and staff enrichment activities. Brookline educators may apply for grants up to \$300, on a twice/yearly schedule.

FY13 OBJECTIVES

- 1. Communicate with PSB staff about the purposes of the Teachers and Administrators Training Fund (TATF) and the types of proposals that can be considered for funding.
- 2. Encourage teachers and administrators to participate in the identification and implementation of professional development activities consistent with the above goals.

ACCOMPLISHMENTS

These resources provided significant enhancement to the Public Schools of Brookline in-service training and professional development. This year approximately 25 Brookline educators received grants of up to \$300 each.

BUDGET STATEMENT

The FY13 budget is level funded.

METROPOLITAN COUNCIL FOR EDUCATIONAL OPPORTUNITY (METCO)

ORGANIZATION DESCRIPTION

The Public Schools of Brookline is a charter member of METCO, a voluntary school integration program. Founded in 1966 and funded by the Massachusetts Department of Elementary and Secondary Education (MDESE) under the Racial Imbalance Law, the Brookline METCO Program provides K-12 education for approximately 300 students from Boston. The METCO staff work with school-based staff and parents to support, encourage, and monitor the academic, social, and emotional development of the students. Students within the METCO Program are offered academic enrichment, academic support, volunteer opportunities, and social support services. The staff of METCO is committed to building strong partnerships with families and holds meetings for parents/guardians throughout the year to discuss proven academic practices at home and to address any issues or concerns specific to families of METCO.

ACCOMPLISHMENTS

- 1. Improved communication with parents through the use of Blackboard Connect.
- 2. Continue to build the Brookline-METCO partnership by including more resident students in offerings available through the Brookline METCO Program.
- 3. In partnership with Brookline High School Tutorial, developed a new course that provides direct teacher support to students and promotes academic achievement within the METCO Academic Center.
 4. Continue to work with elementary parents in an effort to build a cohesive METCO Parent Group through out-of-school meetings and activities.
- Established a Brookline METCO Elementary Parent Group quarterly newsletter highlighting events at each school as a means to keep the community at large informed about Brookline and METCO happenings.

BUDGET STATEMENT

The FY13 budget is level funded.

FY13 OBJECTIVES

- 1. Strengthen the partnership between families of METCO and Brookline residents by increasing the number of opportunities for interaction.
- 2. Enhance the current website and program brochure for the Brookline METCO Program.
- 3. Work with district-wide and school leaders to identify greatest strengths and areas in need growth in relation to the academic achievement of students.
- 4. Increase awareness of the history, mission, goals and success of the METCO Program throughout the Public Schools of Brookline.

TITLE III ENGLISH LANGUAGE ACQUISITION AND ACADEMIC ACHIEVEMENT PROGRAM

ORGANIZATION DESCRIPTION

The Title III grant provides funds to improve the performance of limited English proficient students in learning and meeting state academic content standards. Funding amounts are based on counts of eligible children in public and non-public schools each fall and are subject to annual congressional allocation. Brookline utilizes Title III grant monies to supplement staffing; enhance instructional opportunities for English Language Learners (ELL); and support professional development opportunities, program initiatives, and curriculum development.

FY13 OBJECTIVES

- 1. Continue to provide professional development offerings in sheltered English instruction, second language acquisition, and literacy.
- 2. Facilitate transition to WIDA consortium including implementation of new placement and standardized assessments.
- 3. Enhance and align content support materials with new English language proficiency standards.
- 4. Begin to align ELD curriculum with WIDA standards.
- 5. Expand ELL Homework Centers for students in grades 4-8.
- 6. Enhance access to technology equipment in grades K-8.

ACCOMPLISHMENTS

- 1. Provided professional development opportunities in sheltered English instruction, second language acquisition, and literacy for content teachers and specialists servicing ELL students.
- 2. Offered an ELL Homework Center for students in grades 4-6 in one elementary school to support learning across disciplines.
- 3. Increased and updated instructional materials in English language learners' classrooms and general education classrooms that support English language development and student performance on state and district assessments.

SPECIAL EDUCATION IDEA FEDERAL GRANT

ORGANIZATION DESCRIPTION

Public Law 94-142 is an expansion of special education (SPED) services to students with disabilities ages 3-22 in compliance with state and federal mandates.

FY13 OBJECTIVES

- 1. Provide additional supports for professional staff in meeting the needs of special education learners across environments, including the mainstream.
- 2. Further develop professional develop to provide and build teachers' and staff capacity as they with all students in the classroom.
- 3. Maintain credentialed consultants to support staff in areas of identified need.

ACCOMPLISHMENTS

- 1. Assisted in the implementation of a new literacy program for Intensive Learning Programs within our K-8 schools.
- 2. Supported assistive technology training/consultation for our teachers/families.
- 3. Evaluated specific programs to ensure best practices and current research.
- 4. Provided additional staffing support to ensure the effectiveness of the Team Facilitator model.
- 5. Continue to ensure services that value the inclusion of students with disabilities in the general curriculum.
- 6. Engage professional staff in meeting the needs to have all students access curriculum and other educational needs.

EARLY CHILDHOOD SPECIAL EDUCATION ALLOCATION

ORGANIZATION DESCRIPTION

The Early Childhood Special Education grant provides a comprehensive developmental, integrated preschool program for young children with identified needs. Teams of teachers work closely with specialists and program supervisors to deliver education and therapies within the context of a curriculum rich classroom setting. The program model includes an organized environment and systematic introduction of skills differentiated to ensure progress for all children. Parent education and family support are integral to all aspects of the program.

FY13 OBJECTIVES

- 1. Continue support program for new teachers and new programs.
- 2. Expand training of Social Thinking curriculum to new teachers and paraprofessionals.
- 3. Provide for pilot on Individual Growth and Development indicators as a part of kindergarten entry assessment in the Statewide initiative.

ACCOMPLISHMENTS

- 1. Provided Brookline based training to community providers to support success of students in mixed-use system in order to manage referrals and school transitions.
- 2. Provided increased transition support to kindergarten for families whose child had an identified need including school based summer program options.
- 3. Expanded training in Social Thinking program for all students, with special attention to students with social communication disorders.

SPECIAL EDUCATION PROFESSIONAL DEVELOPMENT AND TRAINING

ORGANIZATION DESCRIPTION

This grant was reinstated after the Stimulus funding ended known as ARRA, the American Rehabilitation and Recovery Act. This grant focuses on specific areas for funding to enhance teacher capacity and professional development.

FY13 OBJECTIVES

- 1. Continue training on anti-bullying.
- 2. Further develop literacy techniques and training for staff to identify reading disabilities.
- 3. Develop a model program for behavioral interventions and expectations for teachers to promote effective strategies in working with children with disabilities.
- 4. Continue to support he Landmark initiative in establishing consistent strategies to be adopted within our schools to support organization and study skills.

ACCOMPLISHMENTS

- 1. Training in the districts anti- bullying program developing a train the trainer model.
- 2. Training in literacy programs for staff in the Intensive Learning Programs as well as our Language Learning Disabled Program.
- 3. Expansion of the Landmark Program Initiative in Driscoll School.
- 4. Support for the LLD system wide program for our learners with language learning needs.
- 5. Beginning stages of a behavioral training component.

BUDGET STATEMENT

The FY13 budget reflects the reinstatement of the program beginning next fiscal year.

KINDERGARTEN ENHANCEMENT

ORGANIZATION DESCRIPTION

The Kindergarten Enhancement grant supports quality full day kindergarten in all elementary schools. The grant provides support for full time teachers and half time aides in each kindergarten class. It has been crucial in support of expansion of kindergarten classrooms to meet the needs of this growing population. Professional development is provided through the grant and is offered in collaboration with curriculum coordinators. There have also been significant efforts to improve transitions between preschool/pre-k and kindergarten as well as between kindergarten and grade one.

FY13 OBJECTIVES

- 1. Initial implementation of Benchmark Assessment System.
- 2. Continue work on transition plans to ensure consistency across the system.
- 3. Review kindergarten screening instrument and pilot new Massachusetts Kindergarten Assessment System.

ACCOMPLISHMENTS

- 1. Increased pilot of Work Sampling System to include classrooms completing assessment collection periods twice a year.
- Increased professional development and implementation of Benchmark Assessment System.

ENHANCED SCHOOL HEALTH SERVICES

ORGANIZATION DESCRIPTION

The Enhanced School Health Services Grant is a multi-year grant awarded by the Massachusetts Department of Public Health in April, 2000. This renewed five year grant was awarded July 1, 2008 and will expire June 30, 2013 depending on the approval of funding by the General Court of the Commonwealth of Massachusetts. Three additional opportunities are available to renew for two year extensions.

FY13 OBJECTIVES

- 1. Continue to fund data district support for Health Office updates and maintenance.
- 2. Provide on-going training and professional development opportunities to nursing staff.
- 3. Continue to co-fund a full time coordinator as required by grant.
- 4. Continue to fund a part time nurse for PK program at Lynch, Beacon and the CSS
- 5. Purchase service contract for AED maintenance.
- 6. Purchase equipment, supplies and books to support delivery of health services.
- 7. Purchase and replace outdated vision and hearing machines.
- 8. Continue to fund additional nursing support to fund timely completion, referral and documentation of mandates.

ACCOMPLISHMENTS

- 1. Trained 75+ staff in the areas of CPR, Automated External Defibrillator (AEDs), First Aid and Emergency Preparedness.
- 2. AED maintenance /service package including replacement of expired batteries and electrodes and maintenance check every 6 mos.
- 3. Purchased 2 new hearing machine and 1 new vision machines.
- 4. Hired 2 part time per diem nurses to assist with mandates.
- 5. Conference fees to each nurse to update skills and to provide support for electronic documentation
- Purchased new medication reference books and locked cabinets for medications needing refrigeration.

21st CENTURY FUND

ORGANIZATION DESCRIPTION

The 21st Century Fund is a non-profit organization of parents, alumni and Brookline residents established in 1998 to provide a sustainable source of funding for innovative approaches to major challenges in public high school education. The national challenges our programs address include: narrowing the achievement gap, increasing the individualization and personalization of teaching and learning, helping students become engaged and active citizens in a changing world, and improving teacher induction and retention.

FY13 OBJECTIVES

The 21st Century Fund directs its support to programs from one or more of the following categories:

- •Fostering academic achievement for all students
- •Supporting a world-class faculty
- •Educating students to be leaders and citizens in a changing world.
- •Integrating technology into the curriculum.

Initiatives in these program areas are designed to serve as models for other public high schools in addressing similar challenges. Current national challenges the 21st Century Fund programs seek to address include narrowing the achievement gap and increasing the personalization of education.

ACCOMPLISHMENTS

Initiatives currently supported by the 21st Century Fund include Engineering by Design, Family Partnership, Social Justice Leadership, Arts Infusion, Enhanced Tutorial, and the Ithaka Project. Past programs funded by the 21st Century Fund include the African American Scholars Program, The Good Citizen in a Good Society Senior Seminar, Freshman Tutorial, and Teachers Mentoring Teachers Program.

BUDGET STATEMENT

The FY13 budget reflects a reduction of 1.45 positions dedicated to the African-American Scholarship Program, which has been assumed under the General Fund, and a .85 increase in staffing to support a current and potentially new 21st Century Fund initiatives.

TITLE II IMPROVING EDUCATOR QUALITY

ORGANIZATION DESCRIPTION

The Title II Improving Teacher Quality grant supports district initiatives that focus on the preparation, training, recruitment and retention of highly qualified educators. In Brookline, this grant is used to help fund the management of all professional development (PD) programs and opportunities, including K-8 mentoring and induction, and to reduce class size at Devotion School.

FY13 OBJECTIVES

- 1. Provide PD support and resources aligned with the district's strategic plan, and areas of need identified through Program Reviews, assessment data, and the PD Council's needs assessment.
- 2. Continue to design and implement professional development that supports inclusion of all students in the general education classroom.
- 3. Implement changes to the Second/Third Year Mentoring Program.
- 4. Work with the PD Council to monitor the implementation of the Social Emotional Learning and Bullying Prevention Plan at all schools.
- 5. Continue to support a reduction in class size at Devotion School.

ACCOMPLISHMENTS

- 1. Completed the Brookline Professional Development Framework, with supported documentation for all teachers.
- Provided PD support and resources aligned with the district's strategic plan, and areas of need identified through Program Reviews, assessment data, and the PD Council's needs assessment.
- 3. Reviewed the First Year, and Second/Third Year Mentoring Programs.
- 4. Provided professional development opportunities for Brookline staff designed to support Inclusion of all students in the general education classroom.
- 5. Provided funding to reduce class size at Devotion School in the primary grades.

ACADEMIC SUPPORT SERVICES - SCHOOL YEAR

ORGANIZATION DESCRIPTION

The MCAS Academic Support grant funds a tutoring program during the school year for students who have not passed the ELA, Mathematics or Science MCAS exams; or who are identified as in need of extra support in order to pass the 10th grade exam. The BHS MCAS coordinator manages the tutoring program by identifying the students in need of support, providing relevant testing histories and managing the program administration.

FY13 OBJECTIVES

- 1. Conduct MCAS tutoring sessions in Math, English, and Science in preparation for the retests and sophomore tests.
- 2. Tutoring will serve students in the following priority order.
- 11th and 12th grade students who received a failing score on the 10th grade ELA or Math MCAS, or subsequent retest, and are preparing for retesting. Any 11th or 12th grade ELL students who are new to the district and who need support to pass the test or retest.
- 10th, 11th and 12th grade students who have failed a Science MCAS.
- 10th grade students who have been identified as at-risk for failure on sophomore ELA & Math test(s).

ACCOMPLISHMENTS

The MCAS tutoring program was first implemented in the 2003-2004school year. A very high percentage of students in the tutoring program pass MCAS on subsequent retests. All students who have failed a test are offered tutoring. Small student to teacher ratios (3:1) are maintained throughout the year. Over the course of the year, tutors have offered in-school and after-school support to students.

ACADEMIC SUPPORT SERVICES - SUMMER

ORGANIZATION DESCRIPTION

The MCAS Academic Support grant funds a tutoring program during the summer for students who have not passed the ELA, Mathematics or Science MCAS exams; or who are identified as in need of extra support in order to pass the 10th grade exam. The BHS school year MCAS coordinator works with the Summer School Director to set up the summer program. Together, they identify students in need of support, and work to encourage students to take advantage of the program.

FY13 OBJECTIVES

- 1. Work collaboratively with the BHS Summer School Director to increase attendance at the summer tutoring program.
- 2. Continue to tailor summer tutoring sessions to the individual needs of student participants.

ACCOMPLISHMENTS

Students who were identified as needing tutoring services received oneon-one or small group tutoring as a summer school elective class, enabling them to retain and strengthen skills needed to successfully begin the school year.

BUDGET STATEMENT

The FY13 budget anticipates level funding.

21st CENTURY COMMUNITY LEARNING CENTER - TEEN ADVANTAGE (DEVOTION)

ORGANIZATION DESCRIPTION

Massachusetts Department of Early & Secondary Education's 21st Century Community Learning Centers grant provides 5- year funding for Steps to Success to operate Teen Advantage and After-Hours U (AHU), academic support and enrichment programs designed to serve approximately 30 6th-8th and 30 4th/5th grade students, at Devotion School. Teen Advantage and AHU each operate 4 days per week from 2:30-5:30 P.M. in three 10-week sessions, providing assisted homework time, academic enrichment classes and clubs focused on project-based learning in a variety of areas. Students also engage in community service, career exploration and exploring the "real-world" applications of academic subject matter. The program goals are to increase students' engagement in learning, homework completion and organizational skills, and academic enrichment in approaches that stress student-centered learning.

ACCOMPLISHMENTS

- 1. Began a 5th year of programming at Devotion School with a team of excellent staff. A majority of the staff works in Special Education programs at Devotion School during the school day, strengthening our relationships with school day teachers and administration.
- 2. Developed partnership with 4Boston, a community service program at Boston College. Sixteen college students volunteer for four hours each week. In fall 2011, 4Boston led a college awareness trip at Boston College for our students.
- 3. Maintained and developed new learning partnerships (with Harvard University, Brookline Access Television, Green City Growers, Hostelling International, Bikes not Bombs, as well as many talented community volunteers and Devotion school day teachers) who are offering activities in the program.

BUDGET STATEMENT

The FY13 budget is level funded.

FY13 OBJECTIVES

- 1. Continue staff professional development and peer-to-peer education to foster new ideas, improved program practice and group identity/staff retention.
- 2. Revise and upgrade our College Partners Program for early college awareness.
- 3. Continue to standardize policies and forms to administer these programs most efficiently.
- 4. Continue offering afternoon classes for summer interns, focused on financial literacy.
- 5. Work with Devotion school to build parent activities within program; improve space issues
- 6. Work on future funding for program as DESE grant ends in August 2013.

EEC - COORDINATED FAMILY & COMMUNITY ENGAGEMENT GRANT

ORGANIZATION DESCRIPTION

This EEC grants funds innovative approaches to comprehensive planning, coordination and delivery of community engagement services to the local family. Goals and priorities include: High-quality, accurate and readily available information about early education and care programs and services, strength-based family education and early literacy activities, an integrated and aligned network of parents and providers, coordinated resources to prepare all students to be lifelong learners and successful contributing citizens. It further provides leadership opportunities for parents and educators.

FY13 OBJECTIVES

- 1. Continue to expand opportunities at housing sites for parent/child literacy experiences.
- 2. Improve transition of students at-risk for inclusion in LAUNCH and full day Recreation Camp program.
- 3. Increase parent information on developmental issues.
- 4. Increase on site consultation to early education programs.
- 5. Provide Play Group opportunities for at risk families throughout the year.
- 6. Bring Library services to the neighborhoods; increase awareness and usage by at risk families.
- 7. Establish assessment plan for children before school entry (ASQ).

ACCOMPLISHMENTS

- Improved communication between families in housing and the Public Schools of Brookline
- 2. Identified families of young children that were not yet receiving educational supports.
- 3. Piloted a 6 week Play Group Experience for very young at risk children and their families, not yet receiving educational support (with free transportation).
- 4. Provided management, training and support through the outreach liaison.
- 5. Supported inclusion and worked/consulted with area private programs and centers.
- 6. Implemented 4 Part Training Series for EC Educators in Brookline on Best Practice.
- 7. Planning Town-Wide Early Childhood Read-a-thon Event for Week of the Young Child.

EEC - INCLUSIVE PRESCHOOLS GRANT

ORGANIZATION DESCRIPTION

This EEC grant funds the support of inclusive preschool learning environments for children with disabilities to learn alongside their typically developing peers. Brookline Early Education Programs offer young students (ages 2.6-5.0) an opportunity to learn within a setting designed to meet the needs and challenge the strengths of a diverse group of young children.

FY13 OBJECTIVES

- 1. Review outcomes of literacy and math in later grades to determine needs for PD and materials going forward.
- 2. Implement use of math materials and big books to support deeper understanding.
- 3. Expand PD in Social Thinking and Regulation to ensure success of students transitioning to kindergarten.

ACCOMPLISHMENTS

- 1. Continued paraprofessional support preschool age children with a range of needs, cultures, primary languages, and income levels in inclusive learning environments.
- 2. Expanded the repertoire of skills mastered by paraprofessional staff to enhance student learning.
- 3. Expanded use of student notebooks to track growth, document ongoing challenges and maximize information shared between the beep classrooms and the child's team of educators and therapists.

EARLY CHILDHOOD REVOLVING FUND

ORGANIZATION DESCRIPTION

The Early Childhood program provides comprehensive, developmental, integrated preschool & pre-kindergarten programs for Brookline children. There are 21 Brookline Early Education Programs (BEEP) for children ages 3-5, providing both integrated and substantially separate program models to meet the needs of young children. Children with mild, moderate and intensive special needs participate in inclusive programs at each elementary school, the Lynch Center, the Trust Center and BHS. The integrated preschool and pre K classrooms typically have a teaching staff of one early childhood teacher, an assistant and an aide for 15-17 students, as well as therapists and a supervision team that monitors student progress and curriculum goals.

FY13 OBJECTIVES

- 1. Continue partnerships for extended day to ensure spaces for working families.
- 2. Collaborate with library on summer literacy for families with low income.
- 3. Expand literacy opportunities to meet needs of hard to reach families.

ACCOMPLISHMENTS

- 1. Implemented comprehensive emergent math program to support foundation skills in emerging concepts of number.
- 2. Refined areas of expertise for administrators, attended State sponsored training on issues relevant to the early education classroom. Supported the Quality Rating System initiative of the Early Education and Care division.
- 3. Provided outreach to families on literacy, math, parent support and <u>The Art of Roughhousing</u>.

BUDGET STATEMENT

The FY13 budget is based on a 3% tuition increase.

BROOKINE ADULT & COMMUNITY EDUCATION REVOLVING FUND

ORGANIZATION DESCRIPTION

Brookline Adult & Community Education (BA&CE) is one of the oldest and largest non-credit public education programs in Massachusetts, with close to 1,500 courses and over 17,000 enrollments yearly. A self-supporting program of the Public Schools, BA&CE generates all of its operating income from course fees. BA&CE fulfills its mission by providing service to the community and enlisting its support for public education.

FY13 OBJECTIVES

- 1. Redesign of the programs' website (including adding images of class projects, linking instructor bios, and updating featured classes/specials).
- 2. Increase programs and enrollment for children during vacation weeks and summer.
- 3. Create online forms/registration for SmartVacations and SmartSummers programs
- 4. Create a volunteer/intern program.
- 5. Continue to evaluate the program's offerings/sections/courses and restructure where needed.

ACCOMPLISHMENTS

- 1. Increased course offerings/enrollments despite down economy and reduced staff.
- 2. Increased programs and enrollment for SmartSummers and SmartVacations for children.
- 3. Completed the process of linking the program's website to registration manager system to provide for basic e-commerce functions (add-remove classes from shopping carts, add persons to the database, register persons for classes, add persons to the waiting list).

SCHOOL BUILDINGS REVOLVING FUND

ORGANIZATION DESCRIPTION

This revolving fund receives revenue from the rental of spaces within school buildings to private and community groups.

FY13 OBJECTIVES

To supplement the General Fund at \$30,000.

ACCOMPLISHMENTS

The budget target for FY13 remains level at \$30,000.

BUDGET STATEMENT

To fund the budget target for FY13 of \$30,000.

DEPARTMENT OF FOOD SERVICES REVOLVING FUND

ORGANIZATION DESCRIPTION

The Department of Food Services, an extension of the educational programs of the schools, is operated under the federally funded National School Lunch and Child Nutrition Act of 1946 as amended. The federal laws regulating the school food service programs are administered by the U.S. Dept. of Agriculture and implemented within the Commonwealth of Massachusetts by the Department of Elementary and Secondary Education (DESE). The self-funded program's objective is to improve the health of students by providing attractive and nutritious offerings while at the same time enhancing nutrition education for students.

FY13 OBJECTIVES

- 1. Ensure break-even financial performance through increased revenue and fiscal control.
- 2. Maintain growth in the Food Service program system-wide, with a participation increase of at least 2.5%.
- 3. Continue to work with the Wellness Committee to implement positive change in the food offerings and ensure compliance with the Child Nutrition and WIC Reauthorization bill of 2010.
- 4. Provide greater nutrition and food allergy information to parents and students.

ACCOMPLISHMENTS

- 1. Improved fiscal controls in place, generating a profit in FY10-11 and projecting a profit in FY12, through increased participation.
- 2. Improved quality and nutritional content of meals served (serving all-natural, local hamburgers, increased fresh fruits and vegetables, focus on cooking from scratch, compliant with Brookline's trans fat ban).
- 3. Expanded nutrition information and education efforts by providing food allergy information to parents, training staff on food allergy awareness, working with a local celebrity chef to highlight cooking, and working with Brookline organizations to provide education on environmental issues.

BUDGET STATEMENT

The FY13 budget is adjusted for cost, price and participation increases and premised on break even performance.

ATHLETICS REVOLVING FUND

ORGANIZATION DESCRIPTION

The Athletic Department collects activity fees from all High School (\$200) and Middle School (\$100, \$85, or \$55) interscholastic athletes and gate receipts at home High School Football, Boys and Girls Ice Hockey, and Boys and Girls Basketball games. The revolving account supplements the general fund in order to maintain the quality of the existing athletic program.

FY13 OBJECTIVES

- 1. Continue to offer our students a top quality educational experience in the largest High School program in the Northeast.
- 2. Continue to expand our Middle School program with emphasis on developmental sports not offered elsewhere in the community and travel teams to compete in the Middlesex Middle School League.

ACCOMPLISHMENTS

Since the revolving account is self-funded, it enables us to keep the general fund cost of operating this program at reasonable levels.

BUDGET STATEMENT

The FY13 budget is supported by a \$200 per sport/per season fee.

| CLASS OF | FY12 | FY13 |

SCHOOL RESTAURANT REVOLVING FUND

ORGANIZATION DESCRIPTION

Restaurant and Culinary Career courses offer students the opportunity to explore and develop careers in the nation's largest industry. Practical experiences in the student-operated restaurant such as salad cook, broiler cook, fry cook, sauté cook, baker, server and maitre d' hotel help to give students an overview of the restaurant industry, along with entry-level job skills.

All course offerings in Food Preparation are designed to help students identify and develop occupational skills and fundamental competencies that will be useful in personal and family living. These courses are electives and are open to all students.

FY13 OBJECTIVES

- 1. Continue to provide quality instruction to approximately 150 students annually.
- 2. Continue to provide entry-level employment skills, and a pathway to post secondary education.
- 3. Continue to offer practical training, learning, and internships in service occupations and culinary arts environments.
- 4. Continue to offer food service manager certification (Serve-Safe Certification).

ACCOMPLISHMENTS

The Brookline High School Culinary Arts program supports a full-service restaurant: Restaurant 108. The restaurant serves staff every day throughout the school year.

BUDGET STATEMENT

The FY13 budget is level funded.

SUMMER SCHOOL REVOLVING FUND

ORGANIZATION DESCRIPTION

Brookline Summer School offers over 70 classes to more than 400 students during its six week program. Roughly two-thirds of the enrollment is Brookline students, ranging from 7-12 grade; the other roughly one-third of our students are from over 30 area public, private, and charter schools. Almost exactly 50% of our students attend for enrichment courses, the other half are enrolled to repeat or makeup coursework.

Summer School runs 9am-1pm and employs 42 full- and part-time teachers and 5 student aides. Over 90% of the staff members are Brookline teachers.

Summer School is a tuition-based program. Last summer our anticipated revenue from tuition was \$162K. Out expenses totaled \$168K (\$129K for instructional staff). The Town continues to supplement our administrative costs with \$30K annually. We allotted over \$22K in scholarship/financial aide, particular for a number of our students with financial needs. The average tuition paid per student was \$312.

FY13 OBJECTIVES

The most significant objective in FY13 for Summer School is to move to an online system of registration and payment. Our current system is antiquated and doesn't allow registrants the opportunity to remit tuition electronically or even use a credit card. The online system will allow us to track payments and keep more accurate records of revenue.

We look forward to another summer of robust enrollment and anticipate again breaking even financially.

We hope to offer several additional sections of the more highly subscribed classes at alternative times, i.e. beyond the regular ending times of summer school, in order to offer more opportunities for students.

ACCOMPLISHMENTS

The Brookline Summer School program continues to offer high quality programming for students enrolled in both remedial and enrichment programs. The program serves both Brookline students and also draws students from other surrounding districts. We continue to maintain high standards in program offerings along a wide range of educational subjects.

BUDGET STATEMENT

The FY13 budget includes a \$30K General Fund supplement.

TUITION REVOLVING FUND

ORGANIZATION DESCRIPTION

This account receives revenue from tuition charges for non-resident students and the Brookline Music Extension School. For FY13, the full tuition is \$14,000 and the materials fee is \$2,417.

The Brookline Music Extension School is an after school program that provides music lessons for students in grades 5-8 in the Brookline Public Schools. Economical small group lessons and private and semi-private lessons are offered for non-beginners on band and orchestra instruments. Lessons are held at each of our 8 elementary schools.

FY13 OBJECTIVES

To continue to increase the full pay tuition population through the acceptance of eligible foreign students to Brookline High School.

To continue to increase participation in the Music Extension School through expanded availability of private and semi-private lessons.

ACCOMPLISHMENTS

To meet the budgeted revenue goal managing staff children enrollment to not negatively affecting the class size ratios at any school or grade level.

Significant increases in the number of students taking private and semiprivate lessons.

BUDGET STATEMENT

The FY13 budget is increased by \$56K as a result in increasing the Materials Fee paid by staff employees to Brookline.

STEPS TO SUCCESS REVOLVING FUND

ORGANIZATION DESCRIPTION

Steps to Success (STS) is an early college awareness and readiness program for low-income students, most of whom reside in Brookline public housing. The program serves approximately 300 students each year and features a comprehensive sequence of programs and services for them and their families. STS starts in 4th grade and continues through high school, in four areas:

- o academic support & mentoring;
- o early college awareness and readiness;
- o summer internship programs making career and education connections for youth; o family outreach, home visiting, ESL classes and job readiness/placement counseling. Steps to Success works in collaboration with higher education partners, the Brookline
- Housing Authority and a variety of other institutions.

FY13 OBJECTIVES

- 1. Continue ensuring that a high percentage of STS students continue on to post secondary education and graduate with their degrees.
- 2. Develop bylaws/articles to define the Association of STS "stakeholders" involving PSB, Brookline Housing Authority, Brookline Community Foundation and STS Advisory Committee. Begin Board development.
- 3. Make a positive transition to a new director for Steps to Success.

ACCOMPLISHMENTS

- 1. 92% of STS seniors (BHS Class of 2011) matriculated to college, matching the school-wide average for all students.
- 2. Instituted new data management system for STS data and trained staff in use.
- 3. Continued College Success Initiative to track and support STS high school alumni as college Freshmen, Sophomores and Juniors. Over 70% of STS college students are on track to graduate in 6 years, by age 24 a high rate compared with the national average for the lowest income quartile of college students (only 6-8%).

BUDGET STATEMENT

The Steps to Success non salary programming is level funded.

CIRCUIT BREAKER

ORGANIZATION DESCRIPTION

The Circuit Breaker funds are proportional payments for outside tuition required for certain special education placements. There are also allowances for payments toward services within the district for high cost special education service delivery in individual cases.

FY13 OBJECTIVES

- 1. Manage tuition payments to outside placements in accordance with parameters set by the Department of Elementary and Secondary Education.
- 2. Apply reimbursements standard when appropriate in individual in-district circumstances.

ACCOMPLISHMENTS

1. Managed the budget implications of fluctuating reimbursements. 2. Identified, sought and obtained reimbursements for tuitions and services as appropriate.

BUDGET STATEMENT

The FY13 budget reflects an anticipated increase of \$75K, directly related to increased placement costs and not as a result of a reimbursement rate increase.

Brookline School Committee's Budget Directives

BROOKLINE SCHOOL COMMITTEE BUDGET GUIDELINES AND PRIORITIES FY 2013

INTRODUCTION

The Brookline School Committee (BSC) provides guidance to the Superintendent and his staff as they create the annual operating budget for the Public Schools of Brookline (PSB). Ultimately, the Brookline School Committee is responsible for this budget. Our priorities each year are informed by the long term goals and objectives of "The Strategic Plan of the Public Schools of Brookline: 2009-2014," but they also incorporate changing elements in the public schools landscape locally and nationally that affect anticipated revenue or may require increases in spending. Our objective each year is to continue progress toward a sustainable budgetary platform for the PSB that enables our traditions of innovation and improvement to move us toward our vision of educational excellence with equity for all students in Brookline.

Current Conditions

Enrollment growth in Brookline continues unabated for the seventh consecutive year, increasing our K-8 population by 24 percent, a net increase of 941 students. In the last three years alone, our number of classroom sections has increased by 19 or 9 percent. Even though we have added classrooms to meet this growth, larger class sizes are also now more frequent in the lower grades, a trend contrary to the School Committee's standing priority of maintaining smaller class sizes, especially in the early elementary years.

Because of this growth in enrollment, the PSB is experiencing extraordinary pressures both on its physical plant, where we have each year repurposed new space within existing facilities to accommodate programmatic uses, such as classrooms and offices, as well as on its operating budgets due to growth in staffing, with associated increases in outlays for staff benefits. In addition to capital budget outlays required for new, renovated, and repaired classrooms to keep up with enrollment, financing of buildings affects the operating budget in two ways. First, additional space requires money to maintain. Secondly, the cost of debt service is part of our operating budget.

In addition to growth in numbers, the increase in staff accommodates the growing diversity of our student population, including diversity in our special education and English Language Learner populations, creating different pressures in different schools for additional services to meet the various demands presented by that growing diversity. Although the Superintendent and his administration will direct the programming to accommodate this growing student body, the School Committee acknowledges the role that it will have in responding to concerns in the community about the impact that this larger school body has on the Town's resources.

The FY2012 budget has already been challenged by this growth, especially from ancillary special education costs, in spite of out-of-district special education placement numbers remaining stable and special education students proportionally remaining steady. At the beginning of the year, we reallocated school funds to cover a \$200,000 shortfall from FY2011 driven primarily by staffing requirements to meet increased enrollment, transportation and related special education services. As we have successfully implemented strategies to decrease the number of 1:1 and 1:2 paraprofessionals in the district, enrollment pressures have simultaneously forced increases in other areas of special education support, making overall special education budget dollars higher than anticipated. In addition to these challenges, a younger faculty overall has raised rates of maternity/paternity leaves, consequently raising our substitute costs. As a result, contingency funding built into the FY2012 budget has been fully utilized for enrollment growth and 50% utilized for special education, leaving us more vulnerable to having to reach into one-time funds if unexpected special education and other costs exceed what remains in our contingency funds over the remainder of the year.

On the plus side, we commend the administration and staff for balancing several revolving fund accounts, especially Food Services and Brookline Community and Adult Education. In addition, we acknowledge with gratitude the engagement of our many Town and non-profit partners in education who contribute so much, especially to our teachers' professional development and to our ability to continue innovating even in hard times.

Finally, the BSC recognizes that while the schools are Brookline's greatest asset in keeping property values strong, the need for more space and the pressure on the operating budget from enrollment growth are also some of the Town's most challenging problems. Coming as it has concurrent with a prolonged economic downturn, PSB growth has required selected spending cuts in the schools in each of the previous several years. The Committee commends the Superintendent and his staff on successful leadership and management of changes during these years balancing program reductions and modifications, more effective ways of delivering the same and better value, improved utilization of resources, and the introduction of new and expanded curriculum. We also recognize that reductions, in particular, have been difficult to absorb and not without pain. We continue to be grateful to the residents of the Town for their good will and a sense of common purpose during tough times. We are also committed to working within the Town/School Partnership and with the community as a whole to forge solutions to these ongoing challenges that will keep the schools strong.

Looking Forward

The FY 2013 budget will be challenging. Cost pressures will mirror the above-noted challenges and considerations, but also reflect negotiated collective bargaining increases and rising health insurance costs borne by the Town and Schools. Although the recently negotiated three-year contract with the Brookline Teachers' Union (BTU) provides stability and more predictability through FY2014, it also creates the financial risk that revenue growth may not be sufficient alone to support the already negotiated increases in wage,

step and lane and health insurance commitments. In spite of this risk, it is an accomplishment in this economic environment for the School Committee and the BEU to agree on a contract which increases teacher collaboration time, commits to moving forward on teacher evaluation, and sets wage, step and lane increases for FY2012 -- FY2014.

Fiscal year 2013 also represents the second year of "stepping down" off of the American Recovery and Reinvestment Act (ARRA) funding of \$1.1 million. To smooth the transition to post-ARRA financing, the FY2012 budget tapped \$750,000 of one-time reserve funding, anticipating "stepping down" further in FY2013 by using less one-time funding, aiming for the elimination of use of one-time funds for operating expenses by FY2014.

The Committee expects that in FY2013, and for the foreseeable future, the extent of the available financial resources from federal, state, and municipal government will challenge the PSB's ability to meet our vision. The anticipated growth in Town revenues falls short of the rise in the cost of current programming and services. A guiding principle of budgeting and identifying PSB priorities, therefore, is to sustain progress on our major goals without exposing the PSB to abrupt changes.

The certainty of financial constraint mixed with the equal certainty that the Town has limited avenues for local revenue enhancement in the current fiscal climate make us cautious about the near term. We continue to rely on the energy and caliber of our teachers and staff and the commitment to our public schools by Town staff and officials to achieve what Brookline has come to expect of its schools. We greatly value constructive input from staff and community members to the budget process to assist us in meeting the fiscal challenges ahead, and we are confident that everyone in the PSB community will continue to think creatively and collaboratively about ways to innovate, to find efficiencies, and to sustain our commitment to our core values.

STRATEGIC PRIORITIES FOR COMMITTED BUDGET RESOURCES

The Committee asks the Superintendent to develop the FY2013 budget with emphasis on the following strategic priorities (in no particular order) that are critical to our mission of educational excellence during this upcoming year.

• **Program Review, Innovation & Improvement**. Brookline's now well-established process of program review has allowed us to continue to identify opportunities and direct resources to innovation, programmatic enhancements, and systemic improvements in educational quality, equity and efficiency. Innovative approaches have yielded progress in 21st century global skills as well as advanced our approach to educational equity through, for example, the K-6 World Language Program, the partnership with the Landmark School for specialized literacy instruction, and the Calculus Project, which has raised the academic aspirations and achievements of students of color. Data collection and analysis, critical to assessing the value of these

investments, have also steadily improved. Frequent systemic improvements both conserve resources and improve the overall quality of our schools. While we recognize that responsible innovation will sometimes yield disappointments, we strongly encourage the Superintendent and his staff to continue to innovate and to measure the effectiveness of programs and initiatives.

The Committee believes this focus on innovation, professional development, and careful assessment are critical to maintaining the vibrancy of the schools during these years of fiscal constraint, and we look forward to hearing from the Superintendent about specific proposals that support Strategic Plan goals and/or create efficiencies that free up sustainable resources for educational programs. The Committee also acknowledges the enormous benefit of Brookline having serious partners in funding innovation and professional development through the Brookline Community Foundation, the Brookline Education Foundation, and the $21^{\rm st}$ Century Fund.

- **Technology to Support Education.** The Committee urges the Superintendent to continue to invest in new technologies and opportunities that may help advance our strategic academic priorities (e.g. differentiated instruction), that yield more effective student understanding, improvements in school administration, and enhanced communication between school and home, or that create efficiencies and eventual cost savings. While we are mindful that balancing technology with face-to-face time between students and high quality teachers is optimal, the Committee also believes the PSB should be more aggressive in our pursuit and incorporation of technology (and technology infrastructure) to support education at all levels.
- **Resources for Early Education.** Abundant research confirms that investments in early education have long-term payoffs for students and school systems in terms of overall academic progress and limiting remedial education costs. Enrollment in pre-K is by itself a step in mitigating future costs, and the Committee supports expansion of early education to the extent possible. In particular:
 - ❖ Educational Equity: Targeted interventions for our youngest students yield the greatest payoff in closing the academic achievement gap and lowering future special education costs. Ensuring that high-risk children are enrolled in quality pre-kindergarten optimizes achievement across the early years, consistent with children in pre-K with complex needs requiring more classroom resources.
 - ❖ Class Size: Enrollment increases over the past seven years have created significant operational budget pressures and have resulted in larger than optimal class sizes in the lower grades. To offset the potential effects of increased class size, and consistent with our strategic priorities, the Committee supports adding staff in classrooms in order to maintain a student/teacher ratio that is optimal for learning. Because the effects of large class numbers are more significant at the lower grades, staff resources should be prioritized for hires in preK-3 to keep the teacher/student ratios as low as possible.

- **Teacher Effectiveness.** The PSB's greatest asset is the quality of its teaching staff. Of all the elements that affect the quality of education, research shows teacher effectiveness to be the most influential. The School Committee is committed to our core value of excellence in teaching, as demonstrated by our recently ratified contract with the Brookline Educators' Union (BEU) that increases time for teacher collaboration. Also in the contract, and central to sustaining excellence in teaching, is a collaborative process between the PSB and the BEU to improve teacher supervision and evaluation consistent with recent changes in laws and regulations. The Committee urges the Superintendent to budget appropriately to support this process and its potential to improve teaching and learning for all of our students. We note that this domain is particularly amenable to multi-year budgeting given the timeline of implementation for these new regulations and procedures over the next two fiscal years.
- Closing the Achievement Gap. The Committee is fully committed to the strategic goal of eliminating gaps in student achievement, a goal that we recognize will continue to require resources. Meeting individual student needs requires financial support for special programming, including special education, enrichment and challenge, and English language learners.
- Transition Years. Both risk and opportunity for student achievement are most pronounced during developmental transitions, and the Committee urges the Superintendent to direct resources to these critical periods for sustaining student interest and success in school. Critical transition periods in education happen 1) at preschool/Kindergarten, 2) between elementary and middle school grades, 3) between 8th grade and high school, and 4) between high school completion and post-secondary education. Examples of investments consistent with this priority include the implementation of Olweus (our new bullying prevention program), the Literacy Project, the Calculus Project, and town-wide, middle school programs in performing arts, athletics, and academic achievement.
- Minimize Reliance on One-Time Funds. One-time funds are those funds derived not directly from the property tax but from government transfers of various kinds. Their essential characteristic is the lack of predictable and recurring availability. Use of one-time funds for ongoing operational costs is never a good budgeting strategy. We recognize that it has been essential in the past to prevent reductions. Softening our "landing" after losing the short-term ARRA funds has required using other one-time funding. Our remaining reserve fund balance, or "Rainy Day Fund," is consequently lower than we would like as we face unprecedented enrollment growth and experience volatility in special education expenses. Given the likelihood that reserve funds will continue to be called upon, it is critical to both protect and replenish reserve fund balances, but difficult to do without increases in revenue. The Committee recommends, therefore, balancing budget reductions with use of one-time funds so that the PSB is no longer dependent on one-time funds for ongoing operations by FY2014, and protecting reserve funds equal to an adequate one-year contingency for special education and enrollment growth. Circuit Breaker funds, if they exceed anticipated rates, should continue to be used to build reserve funds as one means to mitigate financial uncertainty.

The Committee notes that similar caution should be applied in our reliance on possible grant-funded programming or staffing, given the likelihood that sustained district funding for new programming introduced with grant funds will be limited in the next several years.

• Budget Adequate Contingency Funds for Volatility. Given that reserve funds have been drawn down and cannot adequately cover unexpected large expenditures, it is critical to plan adequately for possible spikes in expenditures in historically volatile areas, specifically special education and enrollment-driven programming. The Committee, therefore, requests that the Superintendent budget annual contingency funds in FY2013 for these two volatile areas.

ADDITIONAL CONSIDERATIONS

- 1.) These priorities aim to protect the quality of existing educational programs. Unfortunately, to provide educational services at this level with the resources available will require the entire system to bear some budget reductions. In determining program reduction alternatives, the Superintendent should identify budget areas and/or programs where the PSB could provide services more effectively or more efficiently, areas where additional effort may yield long-term desired results and efficiencies, and areas that should not be maintained, if any, in order to meet this charge. Maintaining our existing quality does not mean maintain the status quo. It requires dynamism to manage a complex system that strives to deliver the best education possible with our existing resources.
- 2) Given the uncertainty of the global and national economic outlook, the Committee would like to see expanded presentations of multi-year budgeting, as well as full accounting of costs in the revolving accounts and the operating budget, such as OPEB's, to make transparent the true cost of operations and priorities, including where our general fund subsidizes revolving fund activities. This will strengthen the Committee's decision-making in a fiscal environment with tight budgets.
- 3) We look forward to working with the Superintendent to realize this goal. The Committee recognizes that the FY2013 PSB budget will demand difficult choices. We encourage the Superintendent to discuss these difficult choices with the Committee as he prepares the budget, especially in areas where reductions in program or staffing may result.

Submitted by the Brookline School Committee as voted on December 15, 2011.

Rebecca Stone, Chair Helen Charlupski Susan Ditkoff Judy Meyers Henry Warren Alan Morse, Vice Chair Elizabeth Childs Amy Kershaw Barbara Scotto

Net School Spending

| With the passage of the Education Reform Act in 1993, the state of Massachusetts set new criteria for local educational spending to ensure that all communities in the state met "Foundation." Spending on educational services, education reform was to ensure that all communities that could not reach "Foundation" from their own funding sources would be assisted by increases to State Aid. Part of the annual monitoring is to set a Net School Spending requirement for every community from local funds. Meeting this spending requirement allows communities to qualify for Chapter 70 (state aid) funding. |
|--|
| Brookline has been a community that annually spends "above Foundation" for education. This pattern has consistently remained true since 1993. A comparison of the total "effort" by Brookline is a combination of the General Fund Budget of the School Department increased by certain budget items carried in the Town Budget – Benefits, Building Services primarily. |
| Total Net School Spending is the calculated amount that certifies a community's spending level. Brookline has consistently spent over the requirement since the criteria for calculation was set in 1993. |

^{**} Includes the Fire and Police expenses.

Town Spending on Behalf of Schools:

Annually, The Public Schools of Brookline file the End-of-Year Pupil and Financial Report with the Massachusetts Department of Education. Included is all spending by the schools – General Fund, Grant Funding and Revolving Funds – and all spending by the Town of Brookline "in support of schools." This Town spending consists of certain direct costs – Benefits, Building Maintenance, Long-Term Debt – as well as certain calculated support costs – allocation of service from Treasurer, Comptroller, Town Counsel, Procurement, etc.

^{*} Excludes tuitioned out special need costs.

Notes:

Per pupil figures are taken from End of Year Pupil and Financial report filed with the Massachusetts Department of Education.

Per pupil figures include costs carried by the Town of Brookline in support of schools.

I.E. Benefits, Facility Repair, Administrative Support, ETC.

Recalculated Department of Education Per Pupil Spending Methodology

| All Day Programs | FY05 | FY06 | FY07 | FY08 | FY09 | FY10 | FY11 | FY12 | FY13 | FY14 | FY15 | FY16 | FY17 | FY18 | FY19 |
|---------------------|----------|----------|----------|----------|----------|----------|----------|------|------|------|------|------|------|------|------|
| Total Day* | \$13,836 | \$14,929 | \$15,098 | \$15,431 | \$16,847 | \$16,914 | \$16,947 | | | | | | | | |

Notes per DOE:

The comparitive increase for Brookline for FY05 is 17.3 percent

[#] In FY'04, the Department of Education consolidated the reporting of bilingual and regular day expenses into a single category.

[&]quot;For decades, DOE has published a "day program" per pupil expenditure which distinguishes costs per pupil in regular, special, vocational and until recently, bilingual education. The "total" day program per pupil expenditure adds them together and is a popular statistic which has been calculated using the same basic methodology since 1976.

The day program measure is less comprehensive than the functional spending measure shown here. It does not count spending from most "outside" funding sources. It does not reflect tuition for pupils being educated at private special education schools, charter schools, or other settings outside the district. As a result, the new per pupil expenditure tends to be markedly higher than the old one, by an average of 16.8 percent".

Employee Benefits

PERSONNEL BENEFITS

Personnel Benefits for School Department employees are budgeted separately from the operating budget of The Public Schools of Brookline and are carried as a part of the total Personnel Benefits appropriated as a Non-Departmental line item in the Program Budget of the Town of Brookline. (See <u>Town of Brookline FY2013 Financial Plan</u>, Non-Departmental, Personnel Benefits, Pages IV-125 thru IV-131).

During the development of the combined Personnel Benefits account an analysis of the Town and School share of total benefit costs is prepared as a step in the Town/School Partnership – an allocation process that leads to the calculation of the annual school department appropriation change for establishing the school department operating budget.

Table 1 lists the change in funding for each benefit account for FY13, compared to FY12. Table 2 lists the total funding of each benefit account for FY13. Both Tables include the percentage share of the appropriation as allocated between Town and School employees, based upon actual usage of a prior period.

PENSIONS – CONTRIBUTORY

School Department Share - \$3,361,187 (21.79%)

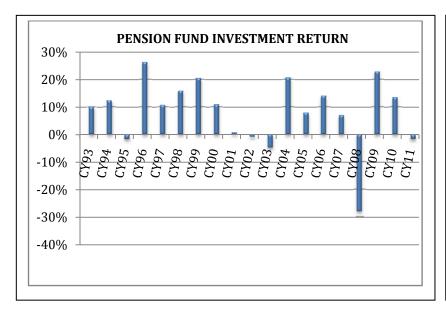

The Contributory Retirement System, a defined benefit program, is governed by Massachusetts General Laws, Ch. 32 and is regulated by the Public Employee Retirement Administration Commission (PERAC), a State entity responsible for the oversight, guidance, monitoring, and regulation of Massachusetts' 105 public pension systems. This appropriation covers the costs of employees who are part of the Town's retirement system (teacher pensions are funded by the State, not the Town). In 1989, the Town accepted the optional provision of the Pension Reform law that committed the Town to funding its system in full over 40 years (by 2028). In 2010, the State approved a bill that extended the full-funding date to 2040. Based on the current funding schedule, the system will be fully-funded in 2028.

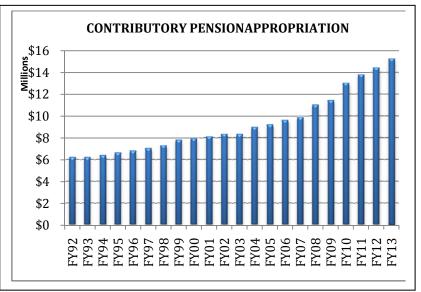

The Town's pension fund is under the control and custody of the Retirement Board, an entity that consists of two employees (active or retired) who are elected, one appointee of the Board of Selectmen (currently the Finance Director), the Town Comptroller, and a fifth

member chosen by the other four. There are approximately 1,343 active employees, 1,305 inactive employees, and 869 retired employees who are members of the system. As of December 31, 2010, the retirement system was valued at approximately \$204 million, an amount that reflects the loss of approximately 1.7% during CY11. The actuarial valuation and review as of January 1, 2010 showed the system being 61.6% funded with an unfunded liability of \$137.4 million. The next formal update of the actuarial valuation will be as of January 1, 2012 and will be available late-Spring / early-Summer of 2012.

In an effort to help compensate for the 28% loss in CY08, which can be seen in the graph below left, the 2009 Fall Town Meeting appropriated additional monies (\$965,151) into the pension fund. These funds came from two sources: new Meals Excise Tax / increased Lodging Excise Tax (\$700,000) and the balance in the FY10 Collective Bargaining Reserve (\$265,151). In FY11, those funds remained in the budget base. These steps helped obviate the need for a \$1.8 million increase in FY12; instead, a \$657,380 (4.8%) increase was required. In FY13, an appropriation of \$15.3 million is required, an increase of \$830,431 (5.7%). The graph below right shows the appropriation history for the Contributory Retirement line-item.

Table 3 Table 4

PENSIONS - NON-CONTRIBUTORY

School Department Share - N/A

Employees eligible for a Non-Contributory Pension include persons hired prior to the establishment of a retirement system and who have at least 15 years of service, Veterans hired prior to July 1, 1939 that have at least 30 years of service, and disabled Veterans who have at least 10 years of service. There are currently eight retirees receiving such pensions. Total FY13 expenditures are projected at \$150,000, a decrease of \$20,000 (11.8%). Per the Town's OPEB funding plan, this decrease is being re-directed to OPEB's.

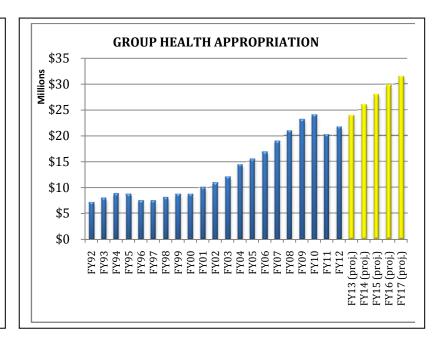

GROUP HEALTH INSURANCE

School Department Share - \$12,296,792 (53.28%)

Health insurance is a major cost center of the Town, accounting for 12% of the Operating Budget. Therefore, controlling its costs is vital to the Town's budget and, ultimately, to providing the level of services residents desire. Brookline implemented a new self-insured, managed health care plan in FY96. This, along with a moderation of national health care costs, kept expenditures under reasonable control through FY00. At that time, national cost trends began to rise as the sector began to experience financial stress. Since then, the Town has realized significant increases in the health insurance budget, as detailed in the table and graph below.

| | 5) Estimate 0% to 83% | | crease. The Town | s share of the p | premium increased from |

Between July 1, 1995 and September 30, 2004, the Town offered the Blue Cross / Blue Shield (BC/BS) products along with plans administered by Harvard Pilgrim. In response to 15% (BC/BS) and 20% (Harvard Pilgrim) premium increases expected for FY05, the Town issued an RFP in CY04 to ascertain whether more reasonable rate increases could be realized. BC/BS responded very favorably to the RFP, so the Town decided to move to a sole provider of health insurance. The result of the switch to one provider was a savings of \$830,000 for the Town and \$275,000 for employees. (On an annualized basis, the savings were \$1.1 million for the Town and \$400,000 for employees. The actual savings were less because the new plan went into effect on October 1, 2004.)

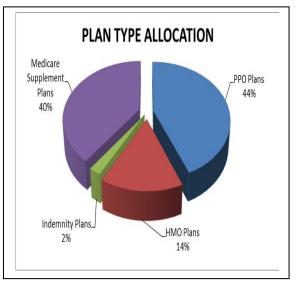

For FY08, the quoted rate increase was 12%. In response to the expected \$2.7 million increase, the Town and its unions, under Coalition Bargaining, agreed to a number of plan design changes that reduced premiums by approximately \$950,000 for the Town, partially offset by the loss of the Medicare Part D Subsidy from the Federal government (\$195,000), yielding a net savings of \$755,000 for FY08. On an annualized basis, the total premium reduction was nearly \$1.3 million. The plan design changes included the doubling of co-pays for doctors visits and prescription drugs, the institution of deductibles for in-patient and out-patient services, and a three-tier prescription drug program for retirees.

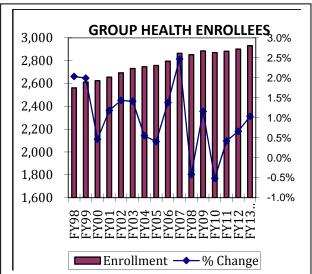

In FY11, as a result of the Town and the unions agreeing to move to the State-administered Group Insurance Commission (GIC), the appropriation decreased \$3.85 million instead of realizing an increase estimated to be \$1.7 million. The FY13 budget assumes a rate increase of 2.2% and 30 new enrollees, bringing the Group Health budget to \$23.1 million, which reflects an increase of \$1.4 million (6.4%). This includes the increase in the Town's share of the premium from 80% to 83%, negotiated as part of the agreement with the unions at a cost of approximately \$725,000 (3.3%).

The Table 7 below left shows the enrollment allocation between Town/School, Active/Retired, and Individual plan/Family plan while the pie chart in the middle breaks out enrollment by plan type. The graph below right shows the increase in the number of enrollees since FY98, during which time enrollment has increased 17.7% (370 enrollees), the result of additional school employees -- the number of school enrollees has grown by approximately 339 -- and the growing number of retirees. This increase compounds the large rate increases, placing additional pressure on the Town's budget.

HEALTH REIMBURSEMENT ACCOUNT (HRA)

School Department Share - N/A

An HRA is a program where the employer reimburses certain out-of-pocket medical expenses paid by employees. As part of the agreement to enter the GIC, for FY11 the Town funded an HRA for some expenses, including co-pays for outpatient surgery, inpatient hospital care, emergency room visits, and durable medical equipment, all of which were paid from the old Group Health Trust Fund. Per the agreement with the Public Employee Committee (PEC), \$125,000 is required for FY13, a reduction of \$125,000 (50%).

POST-RETIREMENT BENEFITS TRUST FUND (OPEB's) School Department Share - \$1,273,816 (53.28%)

Retiree healthcare benefits have become a growing concern to both public and private sector employers. The aging of the workforce, combined with escalating healthcare costs, raise serious concerns about how these benefits will be financed. For Brookline, more than 50% of all enrollees are retirees, and that figure will grow over the next few years as the Baby Boomers retire. The Government Accounting Standards Board (GASB) issued Statements No. 43 and No. 45 in 2004, both of which address the Other Post-Retirement Benefit (OPEB) issue. The purpose of GASB 43 is to require the accrual of liabilities of OPEB generally over the working career of

plan members rather than the recognition of pay-as-you-go contributions, which is the current practice for most government-sponsored plans. GASB 45 requires the accrual of the OPEB expense over the same period of time. The reporting requirements of GASB 43 and 45 include disclosures and schedules providing actuarially determined values related to the funded status of the OPEB. This requires that the accrued liabilities be determined by a qualified actuary using acceptable actuarial methods. GASB 43 applies to trusts that are established in order to pre-fund OPEB benefits and for trusts that are used as conduits to pay OPEB benefits while GASB 45 applies to the financial statements issued by employers.

In order to comply with GASB 43, at the Town's request, the Legislature enacted Chapter 472 of the Acts of 1998, a Home Rule petition that established a Post-Retirement Benefits Trust Fund to be used to offset or defray future costs of retiree healthcare. (It was amended by Chapter 143 of the Acts of 2009.) The primary objective of this fund is to begin to accumulate funds to meet the actuarially determined past service unfunded accrued healthcare liability of the Town. The Town's OPEB liability, as calculated by the Segal Group as of June 30, 2010, was \$207.9 million. (This will next be updated with figures as of June 30, 2012.) While the Town is not legally required to make an annual contribution toward reducing the unfunded liability, the Town has taken steps to recognize and begin to fund this liability. In fact, Brookline is one of the few communities in the state that has actually begun to fund it. As of January 1, 2012, the balance in the trust fund was \$12.1 million. The Fiscal Policy Review Committee (FPRC), a blue-ribbon citizen commission that was charged with reviewing the Town's reserve and capital funding policies in CY03-CY04, recommended that appropriations into this fund be deferred. That recommendation was followed. However, the Audit Committee, the Override Study Committee (OSC), the Efficiency Initiative Committee (EIC), and the OPEB Task Force subsequently recommended that the Town once again start funding this liability. The FPRC was reconvened in CY11 to review the Town's fiscal policies and, as part of their recommendations, agreed with the funding approach developed by the Town.

In recognition of these committees' recommendations, \$250,000 of General Fund revenue was included in the FY10 budget. That figure grew to \$750,000 in FY11, plus \$277,531 from assessments on Town and School grants / special revenue funds. In FY12, \$1.56 million of General Fund revenue was appropriated into the OPEB Trust Fund, in addition to \$238,435 from assessments on grants / special revenue funds, for a total of \$1.8 million. For FY13, \$1.8 million of General Fund revenue is recommended for appropriation plus \$257,581 from assessments on grants / special revenue funds. In addition, a \$211,256 infusion from Free Cash is recommended. Lastly, it is recommended that the Medicare Part D Subsidy revenue to be received by the GIC (estimated at \$300,000) be directed to OPEB's. These proposals result in a FY13 appropriation of \$2.6 million. According to the actuary report, if the Town continues to follow its funding plan, the Town will be fully-funding the Annual Required Contribution (ARC) in

approximately 10 years and the system will be fully-funded in 2040 (i.e., the Unfunded Actuarial Accrued Liability (UAAL) will be \$0).

EMPLOYEE ASSISTANCE PROGRAM (EAP) School Department Share - \$16,800 (60%)

The Town implemented an Employee Assistance Program on May 1, 1999 to provide short-term counseling or referral services to Town employees and their families who may be experiencing personal or family problems. In July, 2002, the program was extended to all School employees, after having been available to teachers for approximately six months prior to that. The use of this program is voluntary and confidential. The budget is level-funded at \$28,000.

GROUP LIFE INSURANCE

School Department Share - \$77,495 (51.66%)

The Town provides a group life insurance program available for all employees and retirees. Those who choose to enroll are insured at \$5,000. There are approximately 1,447 active employees and 868 retirees enrolled in the program. The Town's 36-month contract with Boston Mutual Insurance Company expires at the end of June, 2012 and the Town has been notified that rates for FY13 will increase 19%, resulting in a budget increase of \$20,000 to \$150,000.

DISABILITY INSURANCE

School Department Share – N/A

The Town provides disability insurance to members of the Department Head and Senior Administrator Classification Plan. The contributory program provides coverage to be based on a 90-day elimination period before benefits commence with a benefit of 60% to a maximum of \$6,000 a month per individual. The total cost is estimated to be \$16,000.

WORKERS' COMPENSATION

School Department Share - \$297,480 (24.79%)

The Town provides workers' compensation on a self-insured basis with a stop loss policy of \$800,000 per accident. Employees injured on the job receive 60% of their pay tax-free plus 100% of associated medical bills. Accumulated sick leave may be used to make up the difference between this compensation and normal full pay. The FY13 budget is reduced by \$50,000 (4%) to \$1.2 million, but the school department's share has increased by \$187K due to prior year experience.

PUBLIC SAFETY INJURED ON DUTY (IOD) MEDICAL EXPENSES TRUST FUND School Department Share - N/A

At the Town's request, the Legislature enacted Chapter 40 of the Acts of 2006, a Home Rule petition that established a Public Safety Injured on Duty (IOD) Medical Expenses Trust Fund. This fund is modeled after the Workers' Compensation Trust Fund statute (MGL, Ch. 40, Sec. 13A) and allows the Town to pay the medical bills of police officers and firefighters who are injured while on duty from a trust fund rather than from a line-item in those departments' budgets. This benefit does not affect school department employees.

UNEMPLOYMENT COMPENSATION

School Department Share - \$185,873 (53.11%)

Unemployment benefits paid out by the State to former employees of the Town are charged back to the Town. Employees are eligible to receive 50% of their weekly wage up to 57.5% of the statewide weekly wage, or \$653 per week. Claimants may draw only the lesser of 30 times their weekly benefit rate or 36% of their total base period wages. In addition, \$25 per week is payable for dependent children under the age of 18, provided that the employee is the major wage earner. Based on FY11 data, approximately 53% of the claims and associated costs are for former School employees, with the remaining 47% for former Town employees. For FY13, the budget is level-funded at \$350,000, with a shift of share from the school department to other Town departments due to prior year experience.

PUBLIC SAFETY MEDICAL DISABILITY School Department Share – N/A

Chapter 41, Section 100B requires the Town to pay all disability-related medical costs for police and firefighters retired from the Town due to a job-related disability. The FY13 appropriation is level-funded at \$30,000.

MEDICARE PAYROLL TAX

School Department Share – \$1,038,899 (62.58%)

As a result of federal legislation, all local government employees hired after March 1, 1987, are required to be covered under the Medicare program. Both the Town and the employees are responsible for a payroll tax of 1.45%. As more and more positions turnover, or are added, this tax will increase. It also increases with wages, as it is based upon a percentage of wages. The FY13 requested amount is level-funded at \$1.66 million.

PERSONNEL BENEFITS IMPACT ON FY13

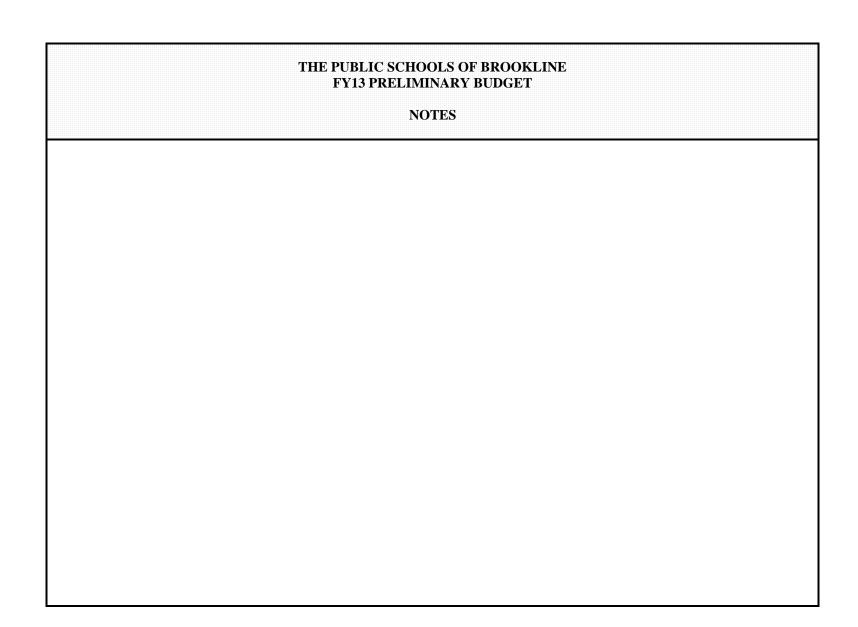

TOWN/SCHOOL PARTNERSHIP ALLOCATION

As documented above, the opportunity to enter the Group Insurance Commission (GIC) yielded a significant reduction in Group Health Insurance costs for the Town, Schools and employees beginning in FY11. The cost of employee benefits for The Public Schools of Brookline in FY13 will, however, continue to rise and is estimated in this analysis to rise by 7.0%.

The growth cost of Personnel Benefits of \$1,214,059 is further documented in Table 8 to show the relationship of the cost of Personnel Benefits to the growth of the total school operating budget for FY13. In summary, the growth of Town resources to total school spending for FY12 is 4.64%, or a net increase of \$4,508,300, with a \$1,214,059 increase to the Personnel Benefits accounts, \$3,262,414 allocated to the school operating budget and a \$31,827 share increase of Building Services accounts primarily from energy consumption management and the extension of multi-year procurement contracts.

Table 8

| SCHOOL | | | | | | | |
|--------------------|-------------|-------------|-----------|--------------|--|--|--|
| | <u>FY12</u> | <u>FY13</u> | \$ Change | % Change | | | |
| Appropriation | 75,387,188 | 78,649,602 | 3,262,414 | 4.33% | | | |
| Personnel Benefits | 17,334,282 | 18,548,341 | 1,214,059 | 7.00% | | | |
| Bldg Dept Exp's | 4,509,872 | 4,541,699 | 31,827 | <u>0.71%</u> | | | |
| TOTAL | 97,231,342 | 101,739,642 | 4,508,300 | 4.64% | | | |
